

The Trash Rat!

©2010 by Chris Iozzi

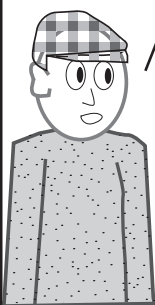

This is a pretty good set-up, Trash Rat. TV, computers, DVD player, game systems and printers. How can you afford it?

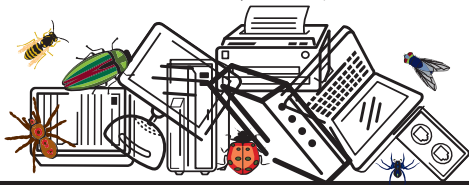

I didn't spend a dime! This was all left by the side of the road. The trash people don't pick it up anymore so it's all MINE!

What happens to the stuff you don't take?

Nothing! It just sits there for weeks! Rather festive looking don't you think?

By law, trash collectors are not allowed to collect e-waste from the side of the road. Foster has pods at the town garage, one for TVs and monitors and another for all other e-waste. There are also a dumpster for mattresses, a pod for books, and a pod for clothes. If you can't donate these items, bring them to the garage for proper disposal.

It's all FREE!
