TOWN OF FOSTER RHODE ISLAND

KELLI M. RUSS

TREASURER/FINANCE DIRECTOR

March 24, 2020

To the Honorable President and Members of the Town Council Foster, Rhode Island

The Comprehensive Annual Financial Report of the Town of Foster, for the fiscal year ended June 30, 2019, is hereby submitted. This report was prepared by the Treasurer's Department. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the Town's management. We believe the information, as presented, is accurate in all material aspects, that it is presented in a manner designed to fairly set forth the financial position and results of operations of the Town, and that all disclosures necessary to enable the reader to gain adequate understanding of the Town's financial affairs have been included.

The Comprehensive Annual Financial Report is presented in three sections: Introductory, Financial, and Statistical. The Introductory section includes this transmittal letter, a reproduction of the 2018 GFOA Certificate of Achievement for Excellence in Financial Reporting, the Town's organizational chart, and a list of principal officials. The Financial Section includes the Independent Auditor's Report, the Management Discussion and Analysis, the basic financial statements, required supplementary information, and other supplementary information. The Statistical Section includes selected financial and demographic information generally presented on a multi-year basis.

The Town of Foster is a Rhode Island municipal corporation, which provides the following services to its residents: general administrative services, public safety, public works, human services, building and zoning, planning, and education. The Town supports the operations of the Foster-Glocester Regional School District; support is based on the number of resident students attending the Regional Schools and is reported as an expenditure within the Town's General Fund.

i

GOVERNMENT PROFILE

The land area that is now the Town of Foster was founded in 1636 and considered part of Providence, Rhode Island; was later divided from Providence and included in the Town of Scituate, Rhode Island; and was separated from Scituate and incorporated as a Town on August 24, 1781. The Town of Foster is located at the southeastern corner of Providence County on the Rhode Island/Connecticut line. It is bounded by Killingly and Sterling, Connecticut on the west; Glocester, Rhode Island on the north; Coventry, Rhode Island on the south, and Scituate, Rhode Island on the east; and remains sparsely settled with a population density of only 89.8 persons per square mile. It is connected to the southeast corridor by a network of highways including Interstates 295 and 95, and Route 6. It currently occupies 52.21 square miles and serves a population of 4,689.

The Town of Foster has numerous National Historical Districts. In addition to several buildings, the entire hamlets of Foster Center (the seat of Town Government), Hopkins Mills, Clayville, and Moosup Valley are entered in the National Register of Historic Places.

The Town operates under a Home Rule Charter adopted in 1976, providing for a Town Council form of government with five members, elected at-large for terms of two years, and headed by a Council President. All legislative powers of the Town are vested in the Town Council by Charter including all powers to enact, amend, or repeal ordinances relating to the Town's property, affairs, and government (which include the power to create offices, departments, or agencies of the Town; preserving the public peace, health, and safety; and establishing personnel policies) except such powers as are reserved by State Law to the annual Financial Town Meeting (which include the ordering of any tax, making appropriations, giving effect to any vote of the Financial Town Meeting authorizing the issuance of bonds, and transacting any other business pertaining to the financial affairs of the Town).

The Town Council is supported and advised by various Boards and Commissions (members of which are volunteers and are appointed by the Town Council at different intervals), some of which are: Planning Board, Zoning Board, Zoning Board of Review, Board of Canvassers, Recreation Committee, and the Juvenile Hearing Board.

COMPONENT UNIT

The Foster Land Trust (Land Trust) is presented as a component unit of the Town in the accompanying government-wide financial statements. Further information regarding the purpose of the Land Trust and the definition of a component unit is in Note 1 of the financial statements.

EDUCATION

The public school system of the Town consists of one elementary school, grades kindergarten through 5, maintained by the Foster School Department. Grades 6 through 12 are maintained by the Foster-Glocester Regional School District, of which the Town of Foster and the Town of Glocester are member communities.

The Foster-Glocester Regional School District was incorporated and its fiscal authority established by Acts of the General Assembly in 1958 and 1959. In fiscal year ending June 30, 2019, the Town of Foster paid \$5,431,540 to the Foster-Glocester Regional School District.

The general administration of the Foster School Department is directed by a 3-member School Committee whose members are elected at-large for two-year terms. As a result of a recent Charter Amendment, the two candidates receiving the greatest number of votes in the November 2018 general election will be designated Member one and two; each will serve a four-year term. The third Member elected will serve a two-year term. In 2020, there will be an election for one four-year term for Member three. In every election held thereafter, 1 or 2 Committee positions will be open for election/reelection on an alternating schedule.

The three members of the Foster School Committee, along with the six School Committee members from the Town of Glocester, are ex-officio members of the Foster-Glocester School Committee. The School Committees determine and control all policies affecting the administration, maintenance, and operation of the public schools in the Town. The School Committees appoint a Superintendent as their chief administrative agent and such other administrative officers as are considered necessary, and submit detailed budgets of expenditures and revenues to the voters at annual Financial Town Meetings. The Foster-Glocester Regional School District's Financial Town Meeting is held on the third Tuesday in March of each year and its budget is adopted at that meeting. The Town of Foster's Financial Town Meeting is held on the first Tuesday of the first week in May of each year and the budget for the Foster elementary school is adopted at that meeting. According to the Town Charter, once the school budgets have been approved, the School Committees determine the allocations of the amounts appropriated. The School Committees direct and control all policies affecting the administration, construction, maintenance, and operation of the public schools.

As previously noted, the Town of Foster's school system (grades kindergarten through 5) consists of one elementary school (Captain Isaac Paine). Grades 6 through 8 attend the Ponaganset Middle School and grades 9 through 12 attend Ponaganset High School. Both the middle and high schools are physically located in the Town of Glocester near the border between the Towns of Foster and Glocester. A new Ponaganset Middle School building was completed in August 2007. The Ponaganset High School South building was constructed in 1960 and the Ponaganset North

building was constructed in 1965. Both the North and South buildings were recently renovated (completed in 2010).

As of October at the beginning of each school year, the student enrollment in the Foster School System for the past ten years has been, and for the next five years is projected to be, as follows:

Actual Enrollment

School Year	Captain Isaac Paine School	Foster-Glocester Regional School	Total
2009-2010	257	437	694
2010-2011	274	414	688
2011-2012	283	412	695
2012-2013	275	400	675
2013-2014	287	356	643
2014-2015	285	350	635
2015-2016	278	357	635
2016-2017	271	356	627
2017-2018	292	379	671
2018-2019	271	377	648

Projected Enrollment

School Year	Captain Isaac Paine School	Foster-Glocester Regional School	Total
2019-2020	240	373	613
2020-2021	244	370	614
2021-2022	245	363	608
2022-2023	250	337	587
2023-2024	259	307	566

Note: The above figures represent the students enrolled in Foster and Foster-Glocester schools. They do not include students who live in town and attend Charter schools and Career and Technical schools out-of-district for which the resident community is financially responsible.

MUNICIPAL SERVICES

The Town provides the following major public services:

PUBLIC SAFETY – Police: The Town Police Department is responsible for Public Safety and has a force of nine full-time sworn officers, including the Chief, Captain, Sergeant, and six patrol officers. The department also has four full-time and two part-time dispatchers; the dispatchers dispatch for both the police and fire departments.

ANIMAL CONTROL – The Police Department is responsible for Animal Control which has one part-time Animal Control Officer shared with the Town of Scituate.

FIRE AND RESCUE – Fire protection and rescue services in the Town of Foster are provided by four separate non-profit volunteer entities created by State statute: Foster Center Fire Company, Moosup Valley Fire Company, South Foster Fire Company, and the Foster Ambulance Corps.

PUBLIC WORKS – The Town of Foster's Public Works Department provides a full range of services including street maintenance, snow removal, and maintenance of Town property.

HUMAN SERVICES – The department provides services to low and moderate income residents and those in need. Services include emergency housing, fuel/utility assistance, food, and clothing. DHS assists with the application process for state and federal programs such as SNAP, WIC, Medical Assistance, and other programs.

BUILDING AND ZONING/PLANNING – The departments are made up of one part-time Building Official, one part-time Planner, one part-time Electrical Inspector, and one part-time Plumbing & Mechanical Inspector, whose responsibilities include ensuring compliance with state and local building code, ordinances and laws, subdivision regulations, and the Town's Comprehensive Plan.

ECONOMIC CONDITIONS AND OUTLOOK

Foster is considered a rural residential community. Residential property accounts for 80.9% of the total tax roll.

EMPLOYMENT

Most employment opportunities extend outside the Town to the Cities of Hartford, Providence, and Boston. The majority of job opportunities offered in Town are part-time. The principal employers are the Foster School Department and the Town of Foster, Foster Golf & Country Club, Shady Acres, Little Rhody Farms, Well One Foster, Dr. Daycare, and the United States Postal Service (USPS).

Listed below is the Rhode Island Department of Labor and Training Quarterly Census of Employment and Wages – Second Quarter 2019 Report.

HOUSING

At the end of 2018 sale prices for single family homes in Foster ranged from \$171,000 to more than \$645,000. The 2019 second quarter median sales price for single family homes in Foster was \$345,000.

POPULATION TRENDS

In 2010 Foster was ranked 37 in population among the thirty-nine cities and towns in Rhode Island. Based on the U.S. Bureau of the Census, Foster experienced a moderate increase in population from 1970 through 2010.

Population in the Town from 1950 to 2010 was as follows:

Years	<u>Population</u>
1950	1,630
1960	2,097
1970	2,626
1980	3,370
1990	4,316
2000	4,274
2010	4,606

Source: U.S. Bureau of the Census, 1950-2010

LONG-TERM FINANCIAL PLANNING

Each year the Town adopts a five-year Capital Improvement Program which helps identify projects that should be undertaken in the next five years. This long-range planning is essential in addressing the future development and growth of the Town. The Town has continually funded its capital requirements through annual contributions of 2% of expenditures from the operating budget along with surplus funds above the 10% cap. The Town adopted a Charter amendment mandating the return of unspent funds allocated for capital expenditures and deemed abandoned to the Capital Project Fund.

Even with the funding initiatives, the anticipated expenditures for the ongoing replacement, repair, and maintenance of property including infrastructure, significantly outweighs the anticipated

revenue set aside to fund these projects. Therefore, the Town budgeted an additional contribution of \$175,000 in 2019 to fund capital endeavors and is looking into changes in policy, grants, and alternate funding sources for future capital projects.

MAJOR INITIATIVES

Ongoing or recently completed projects include:

- Upgraded windows, doors, and frames for safety throughout the Captain Isaac Paine Elementary School
- Replaced the basketball court flooring and repainted the gym at the Captain Isaac Paine Elementary School
- Purchased a Ford F250 with a plow package
- Purchased a man-lift for building repairs and tree trimming and removal
- Started phase one of the new youth athletic field complex which includes parking, walking trail, and a softball/little league field
- Asphalt overlays on segments of South Killingly Road
- Final phase of plan and design of a new Police Station site and building

FINANCIAL INFORMATION

A detailed understanding of the financial position and operating results of the Town is provided in the Comprehensive Annual Financial Report (CAFR). The Management's Discussion and Analysis starting on page 4 of the CAFR provides additional information to assess the Town's financial condition.

INTERNAL CONTROLS

In developing and evaluating the Town's accounting control system, consideration is given to the adequacy of internal accounting controls. Accounting control comprises the plan of organization, procedures, and records that are concerned with the safeguarding of assets and the reliability of financial records, and consequently is designed to provide reasonable assurance that:

• Transactions are executed in accordance with management's general or specific authorization.

- Transactions are recorded as necessary (1) to permit preparation of financial statements in conformity with generally accepted accounting principles or any other criteria, such as finance-related legal and contractual compliance requirements applicable to such statements, and (2) to maintain accountability of assets. Access to assets is permitted only in accordance with management's authorization.
- The recorded accountability of assets is compared with the existing assets at reasonable intervals, and appropriate action is taken with respect to any differences.

The definition of accounting control presumes reasonable, but not absolute, assurance that the objectives expressed in it will be accomplished by the system. The concept of reasonable assurance recognizes that the cost of internal controls should not exceed the benefits to be derived. The benefits consist of reductions in the risk of failing to achieve the objectives implicit in the definition of accounting control.

All internal control evaluations occur within the above framework. We believe that the Town's internal accounting control adequately safeguards assets and provides reasonable assurance of proper recording of financial transactions.

INDEPENDENT AUDIT

In accordance with the Town's Charter and the General Laws of the State of Rhode Island, an audit of the accounts and financial statements has been completed by the Town's independent Certified Public Accountants, Bacon & Company CPAs, LLC, and their opinion is included herein.

REPORTING ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Foster for its comprehensive annual financial report for the fiscal year ended June 30, 2018. This was the seventh consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGMENT

The preparation of the Comprehensive Annual Financial Report on a timely basis could not have been accomplished without the efforts and dedication of the competent staff of the Treasurer's Department. I also express my appreciation to other personnel from various departments who assisted in its preparation. Finally, I would like to thank the Town Council for their support in planning and conducting the financial operation of the Town.

Respectfully,

Kelli M. Russ

Independent Auditor's Report

To the Honorable President and Members of the Town Council Town of Foster, Rhode Island

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Foster, Rhode Island, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Town of Foster, Rhode Island's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Foster, Rhode Island, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information, and supplementary pension and other postemployment benefit information on pages 4 through 15 and pages 71 through 88 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Foster, Rhode Island's basic financial statements. The combining nonmajor fund financial statements, the combining fiduciary fund financial statements, Annual Supplemental Transparency Report (MTP2), other supplementary information, and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor fund financial statements, the combining fiduciary fund financial statements, Annual Supplemental Transparency Report (MTP2) and other supplementary information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of

America. In our opinion, the combining nonmajor fund financial statements, the combining fiduciary fund financial statements, Annual Supplemental Transparency Report (MTP2) and other supplementary information are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 24, 2020 on our consideration of the Town of Foster, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Foster, Rhode Island's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Foster, Rhode Island's internal control over financial reporting and compliance.

March 24, 2020

Management of the Town of Foster provides this Management's Discussion and Analysis of the Town of Foster's financial statements for the readers of the Town's Comprehensive Annual Financial Report. This narrative overview and analysis of the financial statements of the Town of Foster is for the fiscal year ended June 30, 2019. We encourage readers to consider this information in conjunction with the Town's financial statements that follow.

FINANCIAL HIGHLIGHTS

- The Town's governmental funds reported combined ending fund balances of \$4,495,612 of which (\$467) is unassigned.
- At the end of the current fiscal year the committed fund balance in the general fund for the Foster reserve fund was \$1,362,693, or 10.00% of the total 2019 budgeted expenditures and other financing uses less budgeted capital expenditures. This is an increase of \$47,223 from the previous year.
- \$9,116 remains as assigned fund balance for the budgeted use of the Foster reserve fund in the 2018 fiscal year. This money is assigned for the Building Committee to fund the initial planning for the replacement of the police station.
- The School unrestricted fund ended the year with a restricted (for education) fund balance of \$651,907. This is a decrease of \$60,016 from the prior year. The School Committee created a capital reserve account for surplus monies in excess of 4% of the operations budget; therefore, the \$651,907 restricted (for education) fund balance is comprised of \$176,882 for education and \$475,025 for capital for education.
- The Town ended the fiscal year with a budgetary operating surplus of \$517,958. The underlying causes are discussed later in this document. The School ended with a budgetary operating loss of \$60,016 primarily due to the unbudgeted use of fund balance for capital expenditures.
- On a government-wide basis the assets and deferred outflows of resources of the Town of Foster exceeded its liabilities and deferred inflows of resources as of June 30, 2019 by \$7,304,363; an increase from the prior year of \$369,574, or 5.33%. Net position of the Town's component unit increased by \$104,168, or 4.29%, to \$2,529,908.
- The Town implemented GASB Statement No. 68, "Financial Reporting for Pensions An Amendment of GASB Statement No. 27" and GASB Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date", during fiscal year 2015. This resulted in a material change in the reporting of net position to include transactions recording activity in the Town's pension plans, including net pension liabilities. The net pension liability as of June 30, 2019 is \$5,558,845; an increase of \$9,941, or .18%, from the prior year. Additional information on the Town of Foster's pension plans can be found in Note 16 of the financial statements found on pages 49-70.
- The Town's Government-wide operating expenses were \$15,430,454 an increase of \$419,045, or 2.79%, from the prior year. The net increase is primarily due to a decrease in public safety expenses of \$88,480 primarily due to changes in personnel and no capital purchases offset by an increase in public works expenses for the purchase of equipment and additional expenses related

to parts and repairs, refuse removal, and tipping fees of \$121,730; and education expenses increased in the amount of \$451,858 due to an increase in the appropriation to the Regional School and local schools for operations, combined with a student population shift that negatively impacted the Foster community. Revenues recognized were \$15,800,028, an increase of \$408,673 or 2.66% mainly due to an increase in property taxes and state aid revenues.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Town's annual financial statements. The financial section of this report consists of **four** parts – management's discussion and analysis (this section), the basic financial statements, required supplementary information, and other supplementary information that includes combining statements for non-major governmental funds and other fiduciary funds. The basic financial statements consist of three components: government-wide financial statements; fund financial statements and notes to financial statements.

- ➤ The first two statements are government-wide statements that provide both long-term and short-term information about the Town's overall status.
- > The remaining statements are fund statements that focus on individual parts of the Town government, reporting the Town's operations in more detail than the government-wide statements.
 - ▶ The *governmental fund* statements tell how general government services like public safety were financed in the short-term as well as what remains for future spending.
 - ▶ *Proprietary fund* statements offer short-and long-term financial information about the activities the government operate like businesses.
 - ► Fiduciary fund statements provide information about assets that are held by the Town as trustee or agent for the benefit of someone or something other than the Town itself. The Town cannot use these assets to support its own programs.

The financial statements also include notes that provide more detailed data about some of the information in the financial statements. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. In addition to these required elements, also included is a section of combining statements that provide details of our non-major governmental funds and fiduciary funds, which are added together and presented in a single column in the basic financial statements.

Government-wide financial statements – Government-wide financial statements (*Statement of Net Position* and *Statement of Activities*) are designed to provide readers with a broad overview of the Town's finances in a manner similar to that of private-sector businesses. They are presented on the accrual basis of accounting where revenues and expenditures are recognized in the period they occur as opposed to the period in which they are collected or paid.

The *Statement of Net Position* presents information on all of the Town's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The *Statement of Activities* presents information which shows how the Town's net position changed during the most recent fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation and sick leave).

The *Statement of Activities* distinguishes functions of the Town which are supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all, or a significant portion, of their costs through user fees and charges (business-type activities). The Town's governmental activities include general government and administration, public safety, public works, social services, and recreational services. The Town's one component unit is the Foster Land Trust.

The government-wide financial statements are reported on pages 16 and 17 of this report.

Fund financial statements – A *fund* is a grouping (and self-balancing set) of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into three categories: governmental funds, proprietary and fiduciary funds.

Governmental funds – Most of the basic services provided by the Town are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *current sources and uses of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. This provides the reader with a better understanding of the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Town maintains 34 active individual governmental funds. Information is presented separately in the *Governmental Funds Balance Sheet* and in the *Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances* for the general fund, the School unrestricted fund, the Town capital project fund, and the School capital projects fund which are considered to be major funds. Data from the remaining

30 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements on pages 89 through 98 in this report. The governmental fund financial statements can be found on pages 18 through 21 of this report.

Proprietary Funds – Proprietary funds are used to report the same functions presented as business-type activities in the government-wide financial statements. They are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user fees. The town has 1 proprietary fund used to manage the healthcare management transactions. The proprietary fund financial statements can be found on pages 22 through 24 of this report.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the Town's own programs. The fiduciary funds maintained by the Town include 1 other post employment benefit trust fund, 1 private purpose trust fund, and 4 agency funds. The fiduciary funds financial statements can be found on pages 25 and 26 of this report. Individual fund data for the agency funds is provided in the form of combining statements on pages 99 and 100 of this report.

Notes to Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements follow the basic financial statements.

Other Information - In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. This section includes budgetary comparison schedules, which include reconciliation between the statutory fund balance for budgetary purposes and the fund balances for the General Fund as presented in the governmental fund statements. Required supplementary information follows the notes to the financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. On a government-wide basis, the assets and deferred outflows of resources of the Town exceeded its liabilities and deferred inflows of resources at June 30, 2019 by \$7,304,363, an increase of \$369,574 or 5.31% from 2018.

The most significant changes noted were:

An increase in *current assets* of \$513,160 from 2018 plus a decrease in both *noncurrent liabilities* and *deferred inflows of resources* of \$131,884 and \$214,092, respectively, offset by a decrease in *deferred outflows of resources* of \$139,823 from 2018 and a decrease in *noncurrent assets* of \$292,541. Much of

the increase in *current assets* is due to an increase in cash and cash equivalents while the decrease in *noncurrent liabilities* and *deferred inflows of resources* from 2018 is primarily due to the decrease in the settlement payable to the Providence Water Supply Board and a decrease in deferred pension amounts, respectively. The majority of the decrease in *deferred outflows of resources* is due to a decrease in deferred pension amounts and the decrease in *noncurrent assets* is primarily due to the decrease of depreciable buildings, property, equipment, and infrastructure, net.

Town of Foster Statement of Net Position

	June 30	, 2019	June 30,	2018	
	Governmental	Component	Governmental	Component	
	Activities	Unit	Activities	Unit	
Other assets	\$ 7,150,175	\$ 333,501	\$ 6,724,183	\$ 292,185	
Capital assets	7,281,686	2,196,775	7,487,059	2,133,555	
Total assets	\$ 14,431,861	\$ 2,530,276	\$ 14,211,242	\$ 2,425,740	
Deferred outflows of resources	\$ 1,835,778	\$ -	\$ 1,975,601	\$ -	
Current liabilities	\$ 859,523	\$ 368	\$ 802,325	\$ -	
Noncurrent liabilities	6,883,528		7,015,412		
Total liabilities	\$ 7,743,051	\$ 368	\$ 7,817,737	\$ -	
Deferred inflows of resources	\$ 1,220,225	\$ -	\$ 1,434,317	\$ -	
Net Position:					
Net investments in capital assets	\$ 7,265,159	\$ 2,196,775	\$ 7,465,778	\$ 2,133,555	
Restricted	1,470,049	-	1,418,596	= .	
Unrestricted	(1,430,845)	333,133	(1,949,585)	292,185	
Total net position	\$ 7,304,363	\$ 2,529,908	\$ 6,934,789	\$ 2,425,740	

The largest portion of the Town's net position, \$7,265,159 or 99.46%, consists of its investments in capital assets such as land, buildings and improvements, motor vehicles, machinery and equipment, and infrastructure, less any debt used to acquire these assets, which is still outstanding. The Town uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves are unlikely to be used to liquidate these liabilities.

An additional portion of the Town's net position, \$1,470,049 or 20.12% represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net position may be used to meet the government's ongoing obligations to its citizens and creditors. Internally imposed designations of resources are not presented as restricted net position.

At the end of the current year, the Town reports positive balances in only two of the three categories of net position for the government as a whole. The unrestricted deficit of \$1,430,845 is largely due to net pension liabilities of \$5,558,845 and a settlement payable to the Providence Water Supply Board in the amount of \$1,088,656.

Changes in Net Position

The government's total net position increased by \$369,574 during the current fiscal year

Net position - beginning of year-restated		6,934,789		2,425,740		6,554,843		2,379,749	
Net position - end of year	\$	7,304,363	\$	2,529,908	\$	6,934,789	\$	2,425,740	

Governmental activities – As previously stated, the Governmental activities increased the Town's net position overall by \$369,574. The key elements for this increase include an increase in state aid, and tax collections net of the impact in expenses as follows:

- 1) A net decrease in public safety due to changes in personnel and the reduction in capital expenses offset by an increase in public works expenses due to the increase in personnel related expenses, repairs and maintenance of equipment, tipping fees and refuse removal, and the purchase of a new equipment for public works.
- 2) An increase in education expenses due to an increase in the appropriation to both the Regional and local schools for operations, combined with a student population shift in the Regional school that negatively impacted the Foster community.

Component unit activities - Component unit activities increased its net position by \$104,168, or 4.29% from 2018. The key elements for this increase were the receipt of conveyance fees allocated to the preservation of open space and the gain on sale of land.

Financial Analysis of the Government's Funds

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds - The focus of the Town's *governmental funds* is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unassigned *fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$4,495,612 an increase of \$630,382 in comparison with the prior year.

The general fund's total fund balance increased by \$560,159 from 2018 overall. This change is the net result of more significant changes in fund balances. Nonspendable fund balance increased by \$14,107 due to an increase in prepaid expenditures. Restricted fund balance increased by only \$494, an insignificant change. The majority of the increase in the general fund's total fund balance is reflected in the committed fund balance which increased by \$555,899. This increase is primarily due to the significant increase in committed fund balance for capital expenditures of \$576,030 and the Foster reserve fund of \$47,223, as well as increases in committed fund balance for future revaluations and contingencies in the amount of \$10,000 and \$17,000, respectively. The increases in the committed fund balance were offset by a decrease in committed fund balance for funds committed for future student population changes in the amount of \$93,081. The assigned fund balance decreased by \$10,341 due to use of reserves for continued planning for a new police station.

The Town has three major funds included in the total other funds listed above: School unrestricted fund and capital projects funds. The School unrestricted fund ended the fiscal year with total fund balances of \$656,092, a decrease from 2018 of \$59,211 due to unanticipated expenditures for out-of-district students. The capital project funds ended the fiscal year with total fund balances of \$568,522, an increase from 2018 of \$134,623, primarily due the receipt of school housing aid and a continued plan to increase appropriations to fund capital projects to maintain the Town's infrastructure, buildings, and equipment in excess of the allocation of 2% (of annual operations) to capital, mandated by the Homerule Charter adopted in 1976.

General Fund Budgetary Highlights

The Town ended FY 2019 with a budgetary surplus of \$517,958 due to unanticipated events.

Revenues

Actual revenues and other financing sources reported in 2019 exceeded budgeted revenues by \$230,724 or 1.64%. This gain in revenues was a result of the following:

An unfavorable budgetary variance of \$28,620, or 6.11% occurred in *motor vehicle phase-out* due to an unanticipated shortfall in state reimbursement resulting from legislative changes in motor vehicle taxation as well as an unfavorable variance of \$18,481, or 42.49% in *other revenues* resulting from shortfalls in the collection of police fines and fees. These shortfalls were offset by favorable variances in accounts related to the collection of property taxes; specifically *real estate and personal property tax* revenue and *fines and interest on late payments* which exceeded anticipated revenue by \$215,260, collectively, or 1.66%. Additionally, *building and zoning fees* exceeded the budget by \$26,180, or 74.8%.

Expenses

Budgeted expenditures and other financing uses in the Town's general fund exceeded actual expenditures by \$287,234 or 2.04%. This was primarily due to favorable variances in finance administration, planning, building & zoning, and public safety, due to savings in personnel and related expenditures resulting from unfilled employee positions. Also, public works ended the fiscal year with a favorable budgetary variance resulting from savings in snow removal and personnel changes.

This schedule is located on pages 71 to 74 of this report.

Capital Assets and Debt Administration

Capital Assets

The Town of Foster's investment in capital assets for its governmental activities as of June 30, 2019 amounted to \$7,281,686 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, motor vehicles, machinery and equipment, infrastructure, and construction in progress.

Additional information on the Town of Foster's capital assets is located in Note 7 on page 38 of the notes to the financial statements.

Town of Foster Capital Assets (net of Accumulated Depreciation)

	June 30	, 2019	June 30, 2018			
	Governmental	Component	Governmental	Component		
	Activities	Unit	Activities	Unit		
Land	\$ 161,199	\$ 2,196,775	\$ 161,199	\$ 2,133,555

Total	\$ 7,281,686	\$ 2,196,775	\$ 7,487,059	\$ 2,133,555		

Significant capital asset events during the current fiscal year included the following:

1)	Updated windows, doors, and frames for safety throughout the Captain	\$ 53,823
	Isaac Paine School	
2)	Replaced the basketball court flooring at Captain Isaac Paine School	\$ 14,439
3)	Purchased a Ford F250 with a plow package for the Department of	\$ 43,441
	Public Works	
4)	Purchased a man-lift for the Department of Public Works	\$ 23,500
5)	Purchased air packs for the fire companies	\$ 60,255

Debt Administration

In fiscal year 2006, the Town of Foster made its final payment on an outstanding debt payment which fully satisfied the Town's obligation. The Town has issued no additional bonded debt.

Except as provided below, under Section 45-12-2 of the General Laws of Rhode Island, the Town may not, without special statutory authorization, incur any debt which would increase its aggregate indebtedness not otherwise excepted by law to an amount greater than 3% of the taxable property of the Town. Deducted from the computation of aggregated indebtedness is the amount of any borrowing in anticipation of taxes authorized by law and the amount of any sinking funds maintained by the Town. The current 3% debt limit of the Town is \$17,260,225 (based on the net assessed valuation at December 31, 2017 of \$575,340,817). As of June 30, 2019, the Town had no outstanding bonds and notes issued within the 3% debt limit leaving a borrowing capacity of \$17,260,225.

TOWN OF FOSTER, RHODE ISLAND

Management's Discussion and Analysis For the Year Ended June 30, 2019 (Un-audited)

The State legislature may by special act, permit the Town to incur indebtedness outside the limitations imposed by the 3% debt limit. Special legislation adopted by the Legislature authorizing the Town to incur debt is subject to referendum by the electors of the Town. On June 30, 2019, the total outstanding debt of the Town issued outside the 3% debt limit was \$0.

In addition to debt authorized within the 3% debt limit and debt authorized by special act of the Legislature, Rhode Island General Law 45-12-11 authorizes the Rhode Island State Director of Administration, upon petition by a municipality, to authorize such municipality to incur indebtedness in excess of the 3% debt limit. This would occur whenever the Director determines that the sums appropriated by the municipality or its funds available are insufficient to pay the necessary expenses of the municipality. The Town has never requested the State Director of Administration to authorize indebtedness of the Town under section 45-12-11.

Additional information on the Town of Foster's long-term debt can be found in Note 8 of the financial statements on page 39.

Economic Factors and Next Year's Budgets and Rates

Unemployment rates as of June 30, 2019 and June 30, 2018 (not seasonally adjusted)

6/30/2019	6/30/2018	
3.20%	3.00%	Town of Foster
3.30%	3.70%	State of Rhode Island
3.80%	4.20%	United States

- Median household income in Foster was \$81,036 compared to the State of Rhode Island median income of \$61,043. The median income for the United States was \$57,652.
- Per Capita family income in Foster was \$37,818 compared to the State of Rhode Island per capita family income of \$33,315. The per capita family income for the United States was \$31,177.
- Existing single-family home median sale prices were approximately \$310,000 in Foster, greater than the state average of \$270,000 from the 2019 RI Housing Fact Book.
- Foster ranks 37th in population (4,689 per 2013-2017 American Community Survey (ACS) 2017, 5-year estimate) among Rhode Island's 39 cities and towns.
- The Town's total general fund budget for fiscal year 2020 approved at the May 7, 2019 Financial Town Meeting is \$14,654,649 including expenditures funded by a transfer from the capital fund allocated as follows:
 - o Education \$8,766,877, or 59.82%
 - o Capital \$1,066,465, or 7.28% (includes a budgeted transfer to the capital project fund)
 - o Other \$4,821,307, or 32.90%

- In fiscal year 2019, \$93,082 was appropriated from the Town's student population set-aside to offset the increase in the regional school's appropriation directly resulting from the increase in foster students as a percentage of the student body as a whole.
- The 2020 FTM adopted budget reflects an increase of \$447,205 or 3.28%, from 2019, excluding capital expenditures funded by the capital fund. The increase is the net result of significant changes in a few departments. These changes include an increase in the Foster-Glocester Regional School appropriation of \$93,082 for operations and debt, or 1.74%; an increase in the local school appropriation of \$123,518 for operations, or 3.85%; an increase of \$92,654, or 7.01%, in public works primarily for refuse removal, personnel costs, and professional services related to tree removal; and an increase in general government of \$49,041, or 7.05%, for personnel related expenditures, general property insurance, and claims and settlements for Providence Water to avoid a balloon payment in the final year of payout.
- State law legislating tax levies limits the amount a municipality can raise taxes to 104% of the prior year tax levy *excluding* motor vehicles excise tax in its entirety from the calculation.
- The State legislated an increase in the motor vehicle exemption to \$3,000 for fiscal year ending 2020; the same exemption applied to local taxpayers.
- Municipal revenues remain flat, other than taxes and state aid increases due to changes in motor vehicle excise tax legislation.
- Since December 2000, per Rhode Island General Law 44-5-11.6, municipalities in Rhode Island are required to perform full revaluations on all "ratable" property every nine years and statistical revaluations every three years for the years in-between. The Town completed a statistical revaluation in 2011 which affected the 2013 fiscal year end and in 2014 that affected the 2016 fiscal year end. Also, the Town completed a full revaluation in 2017 that is reflected in the 2019 fiscal year. The Town's tax rates for 2020 and 2019 with their differences are listed below. The tax on *Motor Vehicles* has been reduced to \$35.00. The tax on *Inventory* has been phased out. Rates are per \$1,000.

Tax Rates

	Fiscal Year	Fiscal Year	Increase
	2019-2020	2018-2019	(Decrease)
Real Property	\$ 23.69	\$ 22.84	\$ 0.85
Motor Vehicle	35.00	36.95	(1.95)
Tangible	32.59	31.42	1.17
Inventory	-	-	-

REQUEST FOR INFORMATION

The financial report is designed to provide a general overview of the Town's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Kelli Russ, Treasurer/Finance Director, Town of Foster, 181 Howard Hill Road, Foster, RI 02825.

BASIC FINANCIAL STATEMENTS

THE BASIC FINANCIAL STATEMENTS INCLUDE:

Government-Wide Financial Statements

Fund Financial Statements:

- Governmental Funds
- Proprietary Funds
- Fiduciary Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

Reconciliation of the Governmental Funds Balance Sheet to the Government-Wide Statement of Net Position June 30, 2019

Total Fund Balances - Total Governmental Funds	\$ 4,495,612
Amounts reported for Governmental Activities in the Statement of Net Position are different because:	
Capital assets used in governmental activities are not current financial resources and therefore are not reported in the Governmental Funds Balance Sheet. See note 7 to the financial statements.	7,281,686
Accrued interest receivable on property taxes is reported as revenue in the Government-Wide Financial Statements in the period earned. In the Governmental Fund Financial Statements, interest on property taxes is reported when received.	122,220
Delinquent taxes are recognized as revenue in the period for which levied in the Government-Wide Financial Statements, but are reported as deferred inflow of resources in the Governmental Fund Financial Statements.	800,362
Other long-term receivables are not available to pay for current period expenditures and, therefore, are reported as a deferred inflow of resources in Governmental Funds financial statements.	38,132
Long-term liabilities (including settlement payable, capital lease payable, compensated absences, net pension liabilities and net opeb liability) are not due and payable in the current period and therefore they are not reported in the Governmental Funds Balance Sheet (see note 8 to the financial statements)	(7,139,847)
Net pension assets are not available to pay for current period expenditure and, therefore are not reported in the Governmental Funds financial statements.	375,321
Deferred pension and opeb amounts are not reported in the Governmental Funds financial statements, but are reported in the Government-Wide financial statements as follows: Deferred outflows of resources	1,835,778
Deferred inflows of resources	(1,196,107)
The Internal service fund is reported as a proprietary fund in the fund financial statements but is reported as governmental activities in the government-wide financial statements.	691,206
Net Position - Governmental Activities	\$ 7,304,363

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in the Fund Balances to Government-Wide Statement of Activities For the Year Ended June 30, 2019

Net Changes in Fund Balances - Total Governmental Funds	\$ 630,382
Amounts reported for Governmental Activities in the Statement of Activities are different because:	
Governmental Funds financial statements report capital outlay as expenditures. However, in the Government-Wide Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.	
This is the amount of capital asset additions recorded in the current period.	195,458
Depreciation expense on capital assets is reported in the Government-Wide Statement of Activities, but does not require the use of current financial resources. Therefore, depreciation expense is not reported as an expenditure in Governmental Funds financial statements.	(400,831)
Long-term compensated absences, settlement payables, net pension liabilities (assets) and net other post employment benefit liability are reported in the Government-Wide financial statements, but do not require the use of current financial resources. Therefore, the change in compensated absences, settlement payables, net pension liabilities (assets) and net other post employment benefit liability are not reported as expenditures in Governmental Fund financial statements.	104.072
This amount represents the change in these long-term liabilities (assets) from the prior year. Capital lease proceeds provide current financial resources to Governmental Funds, but issuing debt increases long-term liabilities in the Government-Wide Statement of Net Position. Repayment of debt principal is an expenditure in Government Funds, but the payments reduce long-term liabilities in the Government-Wide Statement of Net Position.	104,973
This amount represents long-term debt payments.	4,754
Property taxes are recognized as revenue in the period for which levied in the Government-Wide Financial Statements, but are recognized as revenue when measurable and available in the Governmental Fund Financial Statements.	(3,872)
Revenues in the Government- Wide Statement of Activities that are not available are not reported as revenue in the Governmental Funds.	8,479
The Internal Service Fund is used by management to charge the costs of Health and Dental Insurance to individual funds. The net revenues (expenses) of the Internal Service Fund is reported with Governmental Activities in the Government-Wide financial statements.	(169,769)
Change in Net Position of Governmental Activities	\$ 369,574

Notes to Financial Statements June 30, 2019

The financial statements of the Town of Foster, Rhode Island (the Town) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following notes to the financial statements are an integral part of the Town's financial statements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

The Town is a municipal corporation governed by a Town Council form of government with an elected five member Town Council. The Town of Foster was incorporated in 1781 and operates under a Home Rule Charter adopted in 1976. All legislative powers of the Town, except such powers as reserved by State Law or vested in the Financial Town Meeting by the Charter, are vested in the Town Council by the Charter. The ordering of any tax, making of appropriations and transacting any other business pertaining to the financial affairs of the Town are done at the Financial Town Meeting.

In evaluating the inclusion of potential component units within its financial reporting entity, the Town applied the criteria prescribed by GASB Statement No. 14, as amended by GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units" and GASB Statement No. 61 "Financial Reporting Entity-Omnibus". A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading. Through the application of GASB Statement Numbers 14, 39 and 61 criteria, the Foster Land Trust (the Land Trust) has been discretely presented as a component unit of the Town in the accompanying government-wide financial statements.

The purpose of the Land Trust is to acquire, hold and manage real property and interests in real property situated in the Town of Foster, consisting of open space and agricultural property. Upon termination or dissolution of the Land Trust, title to all remaining funds, land and land rights will vest with the Town. Trustees are appointed by the Town Council and the Land Trust can impose a financial burden upon the Town in the form of financial support and financing of operating deficits. The Land Trust holds economic resources (land and land rights) entirely for the direct benefit of the Town. The Land Trust does not issue separate financial statements.

B. BASIS OF PRESENTATION AND ACCOUNTING

Government-Wide Financial Statements

The Town's Government-Wide Financial Statements include a Statement of Net Position and a Statement of Activities. These statements report information about the reporting entity as a whole. Fiduciary activities of the Town are not included in these statements. The statements distinguish between governmental and business-type activities. Governmental activities

Notes to Financial Statements
June 30, 2019

generally are financed through property taxes, intergovernmental revenue, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods and services rendered. The Town has no business-type activities as of June 30, 2019 or for the year then ended.

The Statement of Activities presents a comparison between direct expenses and program revenue for each function of the Town's governmental activities. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including property taxes and general state aid, are presented as general revenues.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all the Town's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, including capital assets, infrastructure assets, and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period earned while expenses are recognized in the period the liability is incurred.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables and receivables. All internal balances in the Statement of Net Position have been eliminated. In the Statement of Activities, internal service fund transactions have been eliminated.

Fund Financial Statements

The Fund Financial Statements of the Town are organized into funds, each of which is considered to be a separate accounting entity. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to specific Town functions or activities. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures/expenses. Funds are organized into three categories: governmental, proprietary, and fiduciary. Major individual governmental funds and are reported as separate columns in the Fund Financial Statements.

Governmental Fund Financial Statements

Governmental Fund Financial Statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net position presented in the Government-Wide Financial Statements.

Notes to Financial Statements June 30, 2019

All governmental funds are accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets, deferred outflows of resources, current liabilities and deferred inflows of resources are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (generally collected 60 days after year-end) are recognized when due. The primary revenue sources which have been treated as susceptible to accrual by the Town are property tax and intergovernmental revenues. Expenditures are recorded in the accounting period in which the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, and compensated absences which are recognized as expenditures to the extent they have matured.

Major Governmental Funds:

General Fund – The General Fund is used to account for resources devoted to financing the general services that the Town performs for its citizens and is always classified as a major fund. It is used to account for all financial resources except those required to be accounted or reported in another fund.

School Unrestricted Fund – The School Unrestricted Fund accounts for resources to provide primary education to the Town's children. The School Unrestricted Fund's major revenue sources are general state aid to education and the General Fund Town appropriation.

Town Capital Fund and School Capital Projects Fund – These funds are used to finance the purchases set forth in the capital program.

Proprietary Fund Financial Statements

Proprietary Fund Financial Statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Net Position, and a Statement of Cash Flows. A column representing internal service funds is also presented in these statements. However, internal service balances and activities have been combined with the Governmental Activities in the Government-Wide Financial Statements.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets, deferred outflows of resources, liabilities and deferred inflows of resources (whether current or noncurrent) are included in the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Net Position present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period earned while expenses are recognized in the period the liability is incurred.

Notes to Financial Statements June 30, 2019

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

The Town has one Internal Service Fund.

Healthcare Management Fund – The Healthcare Management Fund is used to account for the Town's self-insured health and dental care programs.

Fiduciary Fund Financial Statements

Fiduciary Fund Financial Statements include a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position. The Town's Fiduciary Funds include the Other Post-Employment Benefits Trust Fund, Private Purpose Trust Funds and Agency Funds. Fiduciary Funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations or other governments. The Fiduciary Funds are accounted for on a spending or "economic resources" measurement focus and the accrual basis of accounting. Agency funds are purely custodial and do not involve measurement of results of operations.

Other Post-Employment Benefits Trust Fund – This fund was established by Town Ordinance effective August 23, 2012 to account for funds to finance other post employment benefits paid by the Town and the payment of these benefits as they come due. The fund presently is accounting for surplus funds derived from the Town's medical accounts and any dividends derived from the Town's involvement with WB Community Health in conformance with the Town Ordinance and the payment of retirees' benefits on a "pay as you go" basis.

Private Purpose Trust Funds – These funds account for assets held by the Town under various trust arrangements for the benefit of certain individuals.

Agency Funds – These funds account for assets held by the Town as an agent for various student groups, funds held in probate, and funds held for performance bonds.

C. RECENTLY ISSUED ACCOUNTING STANDARDS

The Town has implemented the following new accounting pronouncements:

- GASB Statement No. 83 Certain Asset Retirement Obligations, effective for the Town's fiscal year ending June 30, 2019.
- GASB Statement No. 88 Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements, effective for the Town's fiscal year ending June 30, 2019.

The adoption of GASB Statement Nos. 83 and 88 did not have an impact on the Town's financial position or results of operations.

Notes to Financial Statements
June 30, 2019

The Town will adopt the following new accounting pronouncements in future years:

- GASB Statement No. 84 *Fiduciary Activities*, effective for the Town's fiscal year ending June 30, 2020.
- GASB Statement No. 87 *Leases*, effective for the Town's fiscal year ending June 30, 2021.
- GASB Statement No. 89 Accounting for Interest Cost Incurred before the End of a Construction Period, effective for the Town's fiscal year ending June 30, 2021.
- GASB Statement No. 90 Majority Equity Interests an amendment of GASB Statements No. 14 and No. 61, effective for the Town's fiscal year ending June 30, 2020.
- GASB Statement No. 91 *Conduit Debt Obligations*, effective for the Town's fiscal year ending June 30, 2022.
- GASB Statement No. 92 *Omnibus 2020*, several requirements effective for the Town's fiscal year ending June 30, 2020 and others effective for the fiscal year ending June 30, 2021.

The impact of these pronouncements on the Town's financial statements has not been determined.

D. CASH EQUIVALENTS

The Town considers cash and cash equivalents to include cash on hand, time and demand deposits, and short-term investments maturing within three months from the date of acquisition.

E. INVESTMENTS

The Town reports investments at fair value.

F. ACCOUNTS RECEIVABLE AND TAXES RECEIVABLE

Accounts receivable and taxes receivable are shown net of an allowance for uncollectible accounts. The allowance is calculated based on the collectability of the individual receivables.

Property taxes which were levied on July 1, of the current year and other delinquent balances are recorded as receivables.

G. PREPAID ITEMS

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. The prepaid items are recorded on the consumption method.

H. CAPITAL ASSETS AND DEPRECIATION

Capital assets are reported in the Government-Wide Statement of Net Position. In the Fund Financial Statements, capital assets used in governmental fund activities are accounted for as capital expenditures upon acquisition.

Notes to Financial Statements June 30, 2019

All capital assets are recorded at cost (or estimated historical cost). Donated capital assets are recorded at acquisition value as of the date received. The Town follows the policy of not capitalizing assets with a cost of less than \$10,000 and a useful life of less than 1 year.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

	Estimated Useful
Description	Lives
Land improvements	20
Buildings and building improvements	20-50
Motor vehicles	8-15
Machinery and equipment	5-15
Infrastructure (roads and bridges)	20-65

I. DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES

Deferred outflows of resources represent a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred inflows of resources represent an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

In the Governmental Fund Financial Statements, deferred inflows of resources are reported for receivables recorded in the Governmental Fund Financial Statements for which the revenue is not available or amounts received before the period for which property taxes are levied. In the Government-Wide Financial Statements, deferred outflows of resources and deferred inflows of resources are reported for amounts related to the Town's pension plans and other postemployment benefit plan that will be amortized as a component of pension and other postemployment benefit expense in future years.

J. PROPERTY TAXES

Property taxes are levied each July on (a) one hundred percent of the full and fair value of real and tangible personal property owned within the Town the previous December 31; and, (b) the value, as determined by the Rhode Island Vehicle Valuation Commission, of vehicles registered within the Town the previous calendar year, prorated for the actual number of days registered. Taxes levied during July are payable in quarterly installments by July 31, October 31, January 31 and April 30. Taxes due and unpaid after the respective due dates are subject to interest and penalties. Failure to make payment by due dates will result in a lien on the taxpayers property. Rhode Island General Laws restrict the Town's ability to increase either its total tax levy or its tax rates to no more than 4.00% over that of the preceding year.

K. COMPENSATED ABSENCES

Under the terms of various contracts and agreements, Town employees are granted vacation and

Notes to Financial Statements June 30, 2019

sick leave in varying amounts based on length of service. Vacation benefits are accrued as a liability based on the accumulated benefits earned at June 30. Sick leave benefits are based on the sick leave accumulated at June 30 by those employees who are currently eligible to receive termination payments and those employees for whom it is probable they will become eligible to receive termination benefits in the future. The liability is calculated at the rate of pay in effect at June 30, 2019.

The entire compensated absence liability is reported on the Government-Wide Financial Statements. For the Governmental Fund Financial Statements, the amount of accumulated vacation and sick leave has been recorded as a current liability to the extent that the amounts are due to employees that have resigned or retired.

L. ACCRUED LIABILITIES AND LONG-TERM DEBT

All accrued liabilities and long-term debt are reported in the Government-Wide Financial Statements.

For Governmental Fund Financial Statements, the accrued liabilities are generally reported as a governmental fund liability if due for payment as of the balance sheet date regardless of whether they will be liquidated with current financial resources. However, claims and judgments and compensated absences paid from governmental funds are reported as a liability in the Governmental Fund Financial Statements only for the portion expected to be financed from expendable available financial resources. Long-term debt paid from governmental funds is not recognized as a liability in the governmental fund financial statements until due.

M. PENSIONS

For the purposes of measuring the net pension (assets) liabilities, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Employees' Retirement System of the State of Rhode Island, Teachers' Survivor Benefit and Municipal Employees' Retirement System plans and the additions to/deductions from each plan's fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

N. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Town of Foster's Post-Employment Health Insurance Plan (the plan) and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, the plan recognizes benefit payments when due and payable, in accordance with the benefit terms. Investments are reported at fair value.

Notes to Financial Statements June 30, 2019

O. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. LEGAL DEBT MARGIN

The Town's legal debt margin as set forth by State Statute is limited to three percent of total taxable assessed value which approximates \$17,260,225. As of June 30, 2019, the Town's debt is under the limit by \$17,260,225.

NOTE 3 – CASH DEPOSITS

DEPOSITS – are in various financial institutions and are carried at cost. The carrying amount of deposits is separately displayed on the Balance Sheet of the Fund Financial Statements and the Statement of Net Position as "Cash and Cash Equivalents".

	Primary Government Carrying	Component Unit Carrying
	<u>Amount</u>	<u>Amount</u>
Total Deposits	\$4,748,205	\$272,439
Add: Petty Cash	700	-
Total Cash and Cash Equivalents Reported	$\phantom{aaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaa$	
in the Financial Statements	\$4,748,905	\$272,439

CUSTODIAL CREDIT RISK – custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, the Town will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The Town does not have a formal deposit policy for custodial credit risk, but is governed by State Laws as described below. As of June 30, 2019, \$1,011,994 of the Town's bank balance of \$4,995,437 was exposed to custodial credit risk as follows:

Notes to Financial Statements June 30, 2019

	Primary Government	Component Unit
	Bank	Bank
	<u>Balance</u>	<u>Balance</u>
Insured (Federal depository insurance funds)	\$3,853,588	\$129,855
Collateralized with securities held by pledging		
financial institution or its agent in the Town's name	868,787	143,207
Uninsured and uncollateralized	<u>-</u> _	<u>-</u> _
Total	\$4,722,375	\$273,062

Under Rhode Island general laws, depository institutions holding deposits of the State, its agencies or governmental subdivisions of the State, shall at a minimum, insure or pledge eligible collateral equal to one hundred percent (100%) of the deposits which are time deposits with maturities greater than sixty (60) days. Any of these institutions which do not meet minimum capital standards prescribed by federal regulators shall insure or pledge eligible collateral equal to one hundred percent (100%) of the deposits, regardless of maturity. At June 30, 2019, the Town had no uncollateralized deposits with institutions.

NOTE 4 – INVESTMENTS

General Fund investments are governed by Title 35, Chapter 10, Section 11 of the State's General Laws. This law generally allows for short-term investments, such as certificate of deposits, money market funds, and obligations guaranteed by the United States Government, etc., with the goal of seeking reasonable income while preserving capital.

As of June 30, 2019, the Town had the following investments:

		Component Unit	
<u>Investment</u>	Maturity	<u>Fair Value</u>	<u>Rating</u>
Municipal Bond	5/15/2028	\$5,702	Moody's – Aa3, S&P-AA
Municipal Bond	11/15/2036	5,128	Moody's $-$ AA1, S&P-AA+
Municipal Bond	11/01/2041	5,328	Moody's $-A2$, S&P-A
Municipal Bond	04/01/2025	5,300	Moody's - A1
Municipal Bond	12/01/2033	5,344	S & P - AA
Corporate Bond	7/15/2064	8,481	S&P- BBB
Corporate Bond	8/01/2116	7,842	Moody's AA3
Corporate Bond	8/15/2046	5,213	Moody's BAA1, S&P BBB+
	Average maturity		
Mutual Funds Fixed Income	21.38 years	5,045	Average BB
Total Investments reported in the Financial Statements		\$53,383	

Notes to Financial Statements June 30, 2019

Interest Rate Risk – The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk – The Town is governed by State Laws that limit investment choices to short-term investments for its public deposits (General Fund). The Town does not have a formal investment policy that would further limit its investment choices.

Concentration of Credit Risk – The Town does not have any policies that limit the amount the Town may invest in any one issuer.

Custodial Credit Risk – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Town does not have a policy related to custodial credit risk. The Town's investments held by the Town's counterparty are held in the Town's name.

NOTE 5 – FAIR VALUE MEASUREMENT

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The Town has the following recurring fair value measurements as of June 30, 2019:

- The following investments are valued using quoted prices in active markets (Level 1 inputs): Mutual funds fixed income \$5,045.
- The following investments are valued by a pricing service using various techniques to estimate value or by utilizing a yield-based matrix system (level 2 inputs): municipal bonds \$26,802 and corporate bonds \$21,536.

Notes to Financial Statements June 30, 2019

NOTE 6 – INTER-FUND TRANSACTIONS

Inter-fund receivable and payable balances at June 30, 2019 are as follows:

	Due From:						
			School	Other			
	General	Unrestricted	Capital Projects	Governmental	OPEB		
Due To:	Fund	Fund	Fund	Funds	Trust Fund	Total	
Governmental activities:							
General Fund	\$ -	\$ -	\$ -	\$ 987	\$ 1,845	\$ 2,832	
School Unrestricted Fund	64,467	-	232,573	174,944	-	471,984	
Town Capital Fund	111,812	-		-	-	111,812	
School Capital Projects Fund	204,118	-	-	-	-	204,118	
Other Governmental Funds	162,108	56,285				218,393	
Total	\$542,505	\$ 56,285	\$ 232,573	\$ 175,931	\$ 1,845	\$1,009,139	

The balances primarily result from the time lag between the dates the (1) interfund goods and services are provided or reimbursable expenditures occur (2) transactions are recorded in the accounting system and (3) payments between funds are made.

Inter-fund transfer balances at June 30, 2019 are as follows:

	Transfer From:					
	General Fund	School Unrestricted Fund	Town Capital Fund	Total		
Transfer To:						
General Fund	\$ -	\$ -	\$ 440,023	\$ 440,023		
School Unrestricted Fund	3,211,819	-	-	3,211,819		
Town Capital Fund	442,195	-	-	442,195		
School Capital Projects Fund		86,761		86,761		
Total	\$ 3,654,014	\$ 86,761	\$ 440,023	\$ 4,180,798		

Transfers are used to move revenues from the fund that the budget requires to collect them, to the funds that the budget requires to expend them. For example, the \$3,211,819 transfer is the School appropriation that is budgeted in the General Fund as a revenue source to be transferred to the School Unrestricted Fund and expended.

Notes to Financial Statements June 30, 2019

NOTE 7 - INFORMATION ABOUT CAPITAL ASSETS

Capital asset activity for the fiscal year ended June, 30, 2019 was as follows:

		Beginning Balance	A	dditions	Rei	tirements	Ending Balance
Primary Government -		_					
Governmental Activities:							
Nondepreciable assets:

Notes to Financial Statements June 30, 2019

NOTE 8 – LONG-TERM LIABILITIES

A. LONG-TERM LIABILITIES

The following schedule reflects changes in long-term liabilities for the year ended June 30, 2019:

Amounts

	Beginning Balance	Additions	Retirements	Ending Balance	Due Within One Year
Governmental Activities:					
Capital leases payable	\$ 21,281	\$ -	\$ 4,754	\$ 16,527	\$ 5,277
Accrued compensated absences	309,691	68,763	59,103	319,351	61,042
Settlement payable	1,221,862	56,794	190,000	1,088,656	190,000
Net pension liabilities	5,548,904	9,941	-	5,558,845	-
Net other postemployment liability	158,508		2,040	156,468	
Total Governmental Activities					
Long-Term Liabilities	\$7,260,246	\$ 135,498	\$ 255,897	\$7,139,847	\$ 256,319

Payments on the capital leases and settlement payable are made from the General Fund. Accrued compensated absences, net pension liabilities and net other postemployment liability are paid from the General Fund and School Unrestricted Fund.

B. CAPITAL LEASE COMMITMENTS

The Town acquired equipment valued at \$26,450 that was financed with a lease purchase agreement. Amortization of assets acquired under capital leases is included in depreciation expense for the year ended June 30, 2019.

Obligations of Governmental Activities under capital leases as of June 30, 2019 were as follows:

Fiscal Year Ended June 30,	Governmental Activities Lease Payment Requirements
2020	\$ 6,778
2021	6,777
2022	5,648
Total minimum lease payments	19,203
Less: Amount representing interest cost	(2,676)
Present value of minimum lease payments	\$ 16,527

Notes to Financial Statements June 30, 2019

C. SETTLEMENT PAYABLE

The Providence Water Supply Board (PWSB) had filed tax appeals with the Town for both the tax classification and valuation of their watershed property. The Town entered into an agreement with PWSB on June 15, 2015 regarding this tax appeal. The Town and PWSB acknowledge and agree that PWSB has paid timely all of its real estate and personal property taxes to the Town for the tax years 2003-2014. The Town and PWSB have agreed to resolve all pending tax challenges by the PWSB for said tax years including, but not limited to, a final resolution of any and all administrative appeals and challenges of the tax classification and valuations. The parties agreed to a recalculation and reduction of taxes for the tax years 2003-2014 by granting the PWSB a reduction from the real estate taxes actually paid each year, resulting in a cumulative refund due to PWSB of \$1,604,528. The term of the settlement agreement is ten (10) years beginning with tax year 2015. The agreement includes an annual interest rate of the 'Prime Rate', adjusted annually with each change in the Prime Rate, which will be applied to the refund amount until paid in full.

NOTE 9 – TRANSCATIONS WITH THE FOSTER LAND TRUST

For the year ended June 30, 2019, the Town's General Fund reported the following balances related to the Foster Land Trust:

Due to Foster Land Trust \$7,679

NOTE 10 – DISAGGREGATION OF RECEIVABLE AND PAYABLE BALANCES A. ACCOUNTS RECEIVABLE

The Town disaggregates significant components of receivables in the financial statements. Receivable balances determined immaterial are included as other receivables. The Town expects to receive all receivables within the subsequent year, except for the Community Development Block Grant loans which are due in accordance with individual loan amortization schedules.

B. ACCOUNTS PAYABLE AND ACCRUED EXPENDITURES/EXPENSES

The accounts payable and accrued expenditures/expenses at June 30, 2019, were as follows:

	Vendors	Benefits	Other	Total
Governmental activities				
General Fund	\$ 111,343	\$ 81,918	\$ -	\$ 193,261
School Unrestricted Fund	142,394	95,532	-	237,926
Other Governmental Funds	39,253	1,667		40,920
Total	\$ 292,990	\$ 179,117	\$ -	\$ 472,107

Notes to Financial Statements June 30, 2019

NOTE 11 - FUND EQUITY

Government-Wide Financial Statements:

The Government-Wide Financial Statements utilize a net position presentation. Net position is segregated into the following three components:

Net investment in capital assets – represents the net value of all capital assets less the outstanding balances of bonds and other debt used to acquire, construct or improve these assets.

Restricted – represents balances limited to uses specified either externally by creditors, grantors, contributors, laws or regulations of other governments or imposed through constitutional provisions or enabling legislation.

Unrestricted – represents the residual component of net position that does not meet the definition of "restricted" or "net investment in capital assets."

The Town considers restricted resources to have been spent when an expense is incurred for which both restricted and unrestricted net position are available.

In the Fund Financial Statements, governmental fund equity is classified as fund balance. Fund balance is reported in classifications that comprise a hierarchy based primarily on the extent to which the Town is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The "not in spendable form" criteria includes items that are not expected to be converted to cash (e.g. prepaid expenditures).

Restricted Fund Balance – This classification includes amounts that have constraints placed on the use of resources that are either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – This classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Town's highest level of decision- making authority. These committed amounts cannot be used for any other purpose unless the Town removes or changes the specific use by taking the same type of action it employed to previously commit those amounts.

Assigned Fund Balance – This classification includes amounts constrained by the Town's intent to be used for specific purposes, but are neither restricted nor committed.

Unassigned Fund Balance – This classification is the residual fund balance for the General Fund. This classification represents fund balance that has not been assigned to other funds and

Notes to Financial Statements
June 30, 2019

that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

Committed fund balances are established, modified or rescinded by a resolution adopted by the taxpayers at the annual Financial Town Meeting or an ordinance adopted by the Town Council. Assigned fund balances are authorized by the Financial Town Meeting and/or designee, i.e. the Finance Director. The Town considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Town considers unrestricted fund balance classifications to be used in the following order when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used: 1) committed; 2) assigned; and 3) unassigned.

NOTE 12 – FOSTER-GLOCESTER REGIONAL SCHOOL DISTRICT

The Foster-Glocester Regional School District (Regional School) was created to include the high school and middle schools for the Towns of Foster and Glocester (the Towns). The Regional School is a separate legal entity from the Town. The voters of the participating Towns elect the Regional School Committee. The Regional School cannot assess and levy property taxes. Revenues are derived principally from the participating Towns of the Regional School which contribute funds according to a financial formula based upon each Town's enrollment and from the State of Rhode Island. The Town of Foster's contribution for the fiscal year ended June 30, 2019 was \$5,431,540. Financial statements for the Regional School are issued separately and may be obtained from the Foster-Glocester Regional School District Business Office, 91 Anan Wade Road, North Scituate, Rhode Island 02857.

NOTE 13 – RISK MANAGEMENT

The Town of Foster is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; injuries to employees; and natural disasters. As a result, the Town participates in a nonprofit, public entity risk pool (Rhode Island Interlocal Risk Management Trust, Inc.) which provides coverage for property/liability and workers' compensation claims. Upon joining the Trust, the Town signed a participation agreement which outlines the rights and responsibilities of both the Trust and the Town. The agreement states that for premiums paid by the Town, the Trust will assume financial responsibility for the Town's losses up to the maximum amount of insurance purchased, minus the Town's deductible amounts. The Trust provides this insurance coverage through a pooled, self-insurance mechanism, which includes reinsurance purchased by the Trust to protect against large, catastrophic claims above the losses the Trust retains internally for payment from the pooled contributions of its Members. Settled claims resulting from these risks have not exceeded the Trust coverage in any of the past three fiscal years.

Notes to Financial Statements June 30, 2019

The Town also participates in a healthcare self-insurance pool administered by WB Community Health (WBCH). WB Community Health is a not-for-profit organization formed to administer health and dental programs for Rhode Island cities, towns and school districts. Upon joining WBCH each member enters into a member agreement with WBCH that outlines the rights and responsibilities of each member and WBCH.

WBCH is a claims-servicing or account pool, which is an arrangement by which a pool manages separate accounts for each pool member from which the claims and administration costs of each member are paid. This arrangement does not result in the transfer of risk to WBCH or the pooling (sharing) of risk amongst the members of WBCH. The Town is retaining the risk and it recognizes and measures its claims liabilities and related expenses in accordance with GASB Statement No. 10 because the risk of loss has not been transferred to an unrelated third party. The Town's payments of premiums to WBCH are reported as deposits (other assets) in the Healthcare Management Fund. The claims paid by WBCH on the Town's behalf and the administrative costs paid to WBCH are reported as a reduction of deposits and increase in expenses in the Healthcare Management Fund. The premiums are based on "working rates" determined by WBCH based on available funds on deposit and claims experience.

In order to avoid catastrophic losses, the Town purchases specific stop loss re-insurance. Under the stop loss re-insurance, the Town is covered for medical claims in excess of \$175,000 per person per contract period.

The claims liability of \$123,418 reported in the Healthcare Management Fund at June 30, 2019 is based on the requirements of Governmental Accounting Standards Board Statement No. 10 which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Changes in the Town's claims liability for the past two fiscal years were:

	Beginning Fiscal Year Liability	Current Year Claims and Changes In Estimate	Claims Payments	Balance Fiscal Year End
2017-2018	\$152,548	\$720,847	\$853,076	\$20,319
2018-2019	\$20,319	\$997,726	\$894,627	\$123,418

Notes to Financial Statements June 30, 2019

NOTE 14 – SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGINCIES AND COMMITMENTS

A. LITIGATION

During the ordinary course of its operations, the Town is a party to various other claims, legal actions and complaints. The potential liability to the Town, if any, or an evaluation of the outcome of these matters cannot be made at the present time.

B. FEDERAL FINANCIAL ASSISTANCE PROGRAMS

The Town and School Department participate in various federal financial assistance programs. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Costs, if any, which may be disallowed by the grantor, cannot be determined at this time, although the Town expects such amounts, if any, to be immaterial.

NOTE 15 – POST RETIREMENT BENEFITS

Plan Description

Plan Administration - The Town of Foster administers a single-employer, defined benefit post-employment health insurance plan. This plan does not include the pension benefits discussed in Note 16. The Treasurer is responsible for administration of the plan in accordance with Town Ordinance with Town Council oversight. The plan is reported as a Trust Fund in the Town's financial statements. The plan does not issue a publicly available financial report.

Plan Membership - As of July 1, 2018, the plan membership date is as follows:

Active employees	53
Retirees	7
Total	60

Benefits Provided - The plan provides medical and dental insurance for eligible retirees and their dependents through the Town's group health and dental insurance plans, which cover both active and retired members. Benefit provisions are established and amended by the union contracts through negotiations between the Town and the respective unions. The plan provides the following benefits based on employee group upon retirement:

- Police Eligible at any age with 20 years of service if retired before July 1, 2003. Employees retiring after 7/1/2003 are eligible at age 55 with 25 years of service. The Town pays 40% of individual or family medical until the retiree is Medicare eligible.
- Dispatch Eligible at any age with 20 years of service. The Town pays 40% of individual medical for 5 years after retirement if date of retirement was prior to 7/1/2007 or for 7 years after retirement if date of retirement was after 7/1/2007.

Notes to Financial Statements June 30, 2019

- Town Labor Union Eligible at 58 years of age. The Town pays 40% of individual medical until the retiree is Medicare eligible.
- School Non-Certified Eligible at 62 years of age with 10 years of service. The Town pays 100% of individual medical and dental until the retiree is Medicare eligible.
- School Certified –Eligible if hired prior to July 10, 2015 and have 10 years of service with the Foster School Department and are eligible and enter early retirement on either Social Security or the State Teachers' Retirement System. The Towns pays 100% of individual medical, minus any applicable retiree co-share, for 6 years after retirement or until the retiree is Medicare eligible. Employees hired prior to July 10, 2015 are not subject to the 6 year maximum limitation. If the date of retirement was prior to July 10, 2015 the retiree is required to pay the same co-share for medical at the time of their retirement. If the date of retirement is after July 10, 2015 the retiree is required to pay the same co-share for medical as current active employees for each year of coverage. Employees hired after July 10, 2015 are not eligible for other post -retirement benefits.

Contributions - Contribution requirements are negotiated between the Town and the respective unions. The Town is required to contribute the cost of medical and dental benefits, less the amount of any applicable retiree share of medical or dental premiums. For the year ended June 30, 2019, the plan operated on a pay as you go basis and no provision has been made to fund future benefits to be provided to plan members. However, any surplus derived from the Town's medical expenditure accounts and any dividends derived from the Town's involvement with WB Community Health as measured by the Treasurer will also be contributed to the Other Post-Employment Benefits Trust Fund until 100% funded in accordance with Town Ordinance. For the fiscal year ended June 30, 2019, the Town contributed \$46,614 to the plan.

Summary of Significant Accounting Policies

Basis of Accounting – The Other Post-Employment Benefits Trust Fund's financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments – Investments are reported at fair value.

Investments

Investment Policy – The Treasurer may invest funds held in the OPEB Trust Fund at his/her discretion in any personal property including, but not by way of limitation, common or preferred stocks, bonds, certificates of deposit, interest or participation, mutual funds, and other forms of security or investment.

Notes to Financial Statements June 30, 2019

Rate of Return – For the year ended June 30, 2019, the annual money-weighted rate of return on investments, net of investment expense, was 0.40%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for changing amounts actually invested.

Net OPEB Liability of the Town

the Total OPEB Liability

The components of the net OPEB liability of the Town at June 30, 2019, were as follows:

Total OPEB Liability	\$353,965
OPEB Plan Fiduciary Net Position	(197,497)
Net OPEB Liability	\$156,468
Plan Fiduciary Net Position as a percentage of	

Actuarial Assumptions – The total OPEB liability was determined by an actuarial valuation as of July 1, 2017 rolled forward to June 30, 2019, the measurement date. The following actuarial assumptions applied to all periods in the measurement, unless otherwise specified:

55.8%

Actuarial Cost Method	Entry Age Actuarial Cost Method
Salary Increases	3.50%
Investment Rate of Return	3.50%
Inflation Rate	2.00%
Healthcare Cost Trend Rates	Medical - 9.00% in 2017 graded down to an
	ultimate rate of 5.00% in 2021; Dental – 5.00%
Mortality	RP-2000 Fully Generational Combined Male
	and Female table with projection scale AA

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target <u>Asset Allocation</u>	Long-Term Expected Real Rate of Return
Cash and equivalents	100.00%	1.50%
	100.00%	

Notes to Financial Statements June 30, 2019

The plan's investments do not support the use of a higher discount rate and as a result the municipal bond index rate was applied to all periods in the actuarial valuation.

Discount Rate – The discount rate used to measure the OPEB liability was 3.50% for the plan. The projection of cash flows used to determine the discount rate assumed that contributions will be made at rates equal to the expected benefit payments. Based on those assumptions, the OPEB plan's net fiduciary position was not projected to be available to make all projected future benefit payments of current plan members. The municipal bond rate of 3.50% (Bond Buyer's 20 Bond Index) was applied to all periods. The prior measurement date used a discount rate of 3.87%.

Changes in the Net OPEB Liability

Changes in the Net OPEB Liability			
	Increase (Decrease)		
	Total OPEB Liability	Plan Fiduciary Net Position	Net OPEB Liability
Balances as of June 30, 2018	\$346,827	\$188,319	\$158,508
Changes for the Year:		· · · · · · · · · · · · · · · · · · ·	
Service cost	15,805	-	15,805
Interest on the total OPEB liability	13,302	-	13,302
Changes in benefits	-	-	-
Difference between expected and actual			
experience	8,178	-	8,178
Changes in assumptions	8,056	-	8,056
Employer contributions	-	46,614	(46,614)
Net investment income	-	767	(767)
Benefit payments, including employee refunds	(38,203)	(38,203)	-
Administrative expense	-	-	-
Other changes	-	-	
Net changes	7,138	9,178	(2040)
Balances as of June 30, 2019	\$353,965	\$197,497	\$156,468

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate - The following presents the net OPEB liability of the Town, as well as what the Town's net OPEB liability would be if it were calculated using a discount rate 1-percentage-point lower and 1-percentage-point higher than the current discount rate:

	Current		
	1% Decrease	Discount Rate	1% Increase
	<u>(2.50%)</u>	<u>(3.50%)</u>	<u>(4.50%)</u>
Net OPEB Liability	\$179,184	\$156,468	\$135,122

Notes to Financial Statements June 30, 2019

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates - The following presents the net OPEB liability of the Town, as well as what the Town's net OPEB liability would be if it were calculated using a healthcare cost trend rates 1-percentage-point lower (7.00% decreasing to 4.00%) and 1-percentage-point higher (9.00% decreasing to 6.00%) than the current healthcare cost trend rates:

		Current Healthcare	
	1% Decrease	Cost Trend Rates	1% Increase
	(7.00% decreasing to	(8.00% decreasing to	(9.00% decreasing to
	<u>4.00%)</u>	<u>5.00%)</u>	<u>6.00%)</u>
Net OPEB Liability	\$122,563	\$156,468	\$196,813

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2019, the Town recognized OPEB expense of \$22,126. At June 30, 2019, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and		
actual experience	\$16,915	\$46,806
Changes in assumptions	7,391	7,388
Net difference between projected and		
actual earnings on OPEB plan investments	8,234	
Total	\$32,540	\$54,194

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:	
2020	\$307
2021	307
2022	306
2023	(699)
2024	(2,002)
Thereafter	(19,873)

Notes to Financial Statements June 30, 2019

NOTE 16 – PENSION PLANS

A. EMPLOYEES' RETIREMENT SYSTEM PLAN

Defined Benefit Plan

General Information about the Pension Plan

Plan Description - Certain employees of the Foster School Department participate in a cost-sharing multiple-employer defined benefit pension plan - the Employees' Retirement System plan - administered by the Employees' Retirement System of the State of Rhode Island (System). Under a cost-sharing plan, pension obligations for employees of all employers are pooled and plan assets are available to pay the benefits of the employees of any participating employer providing pension benefits through the plan, regardless of the status of the employers' payment of its pension obligation to the plan. The plan provides retirement and disability benefits and death benefits to plan members and beneficiaries.

The System issues a publicly available financial report that includes financial statements and required supplementary information for the plans administered by the System. The report may be obtained at http://www.ersri.org.

Benefit Provisions – The level of benefits provided to participants is established by Chapter 36-10 of the General Laws, which is subject to amendment by the General Assembly. Member benefit provisions vary based on service credits accumulated at dates specified in various amendments to the General Laws outlining minimum retirement age, benefit accrual rates and maximum benefit provisions. In general, members accumulate service credits for each year of service subject to maximum benefit accruals of 80% or 75%. For those hired after June 30, 2012, the benefit accrual rate is 1% per year with a maximum benefit accrual of 40%. Members eligible to retire at September 30, 2009 may retire with 10 years of service at age 60 or after 28 years of service at any age. The retirement eligibility age increases proportionately for other members reflecting years of service and other factors until it aligns with the Social Security Normal Retirement Age, which applies to any member with less than 5 years of service as of July 1, 2012. Members are vested after 5 years of service.

The plan provides for survivor's benefits for service connected death and certain lump sum death benefits. Joint and survivor benefit provision options are available to members.

Cost of living adjustments are provided but are currently suspended until the collective plans administered by ERSRI reach a funded status of 80%. Until the plans reach an 80% funded status, interim cost of living adjustments are provided at four-year intervals commencing with plan year ending June 30, 2016.

The plan also provides nonservice-connected disability benefits after five years of service and service-connected disability benefits with no minimum service requirement.

Notes to Financial Statements June 30, 2019

Contributions - The funding policy, as set forth in the General Laws, Section 16-16-22, provides for actuarially determined periodic contributions to the plan. For fiscal 2019, Foster School Department teachers were required to contribute 3.75% of their annual covered salary, except for teachers with twenty or more years of service as of June 30, 2012 must contribute 11% of their annual covered salary. The State and the Foster School Department are required to contribute at an actuarially determined rate, 40% of which is to be paid by the State and the remaining 60% is to be paid by the Foster School Department; the rates were 10.06% and 13.45% of annual covered payroll for the fiscal year ended June 30, 2019 for the State and Foster School Department, respectively. The Foster School Department contributed \$250,779, \$235,000 and \$239,770 for the fiscal years ended June 30, 2019, 2018 and 2017, respectively, equal to 100% of the required contributions for each year. The State's share of contributions totaling \$176,292 for fiscal year 2019 are reflected as on-behalf payments and are included as both revenue and expenditures in the Governmental Funds financial statements.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2019, the Foster School Department reported a liability of \$3,019,322 for its proportionate share of the net pension liability that reflected a reduction for contributions made by the State. The amount recognized by the Foster School Department as its proportionate share of the net pension liability, the related State support and the total portion of the net pension liability that was associated with the Foster School Department were as follows:

Foster School Department's proportionate share of the net pension liability	\$3,019,322
State's proportionate share of the net pension liability associated with the Foster School Department	2,252,197
Total net pension liability	\$5,271,519

The net pension liability was measured as of June 30, 2018, the measurement date, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017 rolled forward to June 30, 2018. The Foster School Department's proportion of the net pension liability was based on a projection of the Foster School Department's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the State, actuarially determined. At June 30, 2018 the Foster School Department's proportion was 0.09502946%.

For the year ended June 30, 2019, the Foster School Department recognized in the Government-Wide financial statements gross pension expense of \$275,927 and revenue of \$124,677 for support provided by the State. At June 30, 2019, the Foster School Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Notes to Financial Statements June 30, 2019

Deferred outflows of resources:	
Contributions subsequent to the	
measurement date	\$250,779
Change of assumptions	219,319
Differences between expected	
and actual experience	44,162
Net difference between projected and actual	
earnings on pension plan investments	36,065
Total	\$550,325
Deferred inflows of resources:	
Change of assumptions	\$35,531
Differences between expected	
and actual experience	57,588
Changes in proportion differences between	
employer contributions and proportionate	
share of contributions	490,032
Total	\$583,151

\$250,779 reported as deferred outflows of resources related to pensions resulting from the Foster School Department contributions in fiscal year 2019 subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2020	\$(36,200)
2021	(73,052)
2022	(125,623)
2023	(59,069)
2024	14,134
thereafter	(3,795)

Actuarial Assumptions - The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5%
Salary increases	3.0% to 13.0%
Investment rate of return	7.0%

Mortality – Variants of the RP-2014 mortality tables – for the improvement scale, update to the ultimate rates of the MP-2016 projection scale.

The actuarial assumptions used in the June 30, 2017 valuation rolled forward to June 30, 2018 and the calculation of the total pension liability at June 30, 2018 were consistent with the results of an actuarial experience study performed as of June 30, 2016.

Notes to Financial Statements June 30, 2019

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 34 sources. The June 30, 2018 expected arithmetic returns over the long-term (20-years) by asset class are summarized in the following table:

Asset Class	Target Asset Allocation	Long-Term Expected Arithmetic Real Rate of Return
GROWTH		
Global Equity		
US Equity	20.80%	6.43%
International Developed Equity	14.40%	6.72%
Emerging Markets Equity	4.80%	8.90%
Sub-total	40.00%	
Private Growth		
Private Equity	11.30%	9.08%
Non-Core Real Estate	2.20%	5.03%
Opportunistic Private Credit	1.50%	9.08%
Sub-total	15.00%	
INCOME		
High Yield Infrastructure	1.00%	3.81%
REITS	1.00%	5.03%
Liquid Credit	2.80%	3.81%
Private Credit	3.20%	3.81%
Sub-total	8.00%	
STABILITY		
Crisis Protection Class		
Treasury Duration	4.00%	0.61%
Systematic Trend	4.00%	4.00%
Sub-total	8.00%	
Inflation Protection		
Core Real Estate	3.60%	5.03%
Private Infrastructure	2.40%	5.61%
TIPs	1.00%	1.75%
Natural Resources	1.00%	3.81%
Sub-total	8.00%	
Volatility Protection		
IG Fixed Income	11.50%	2.14%
Absolute Return	6.50%	4.00%
Cash	3.00%	0.61%
Sub-total	21.00%	
Total	100.00%	

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

Discount Rate - The discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Notes to Financial Statements June 30, 2019

Sensitivity of the Net Pension Liability to Changes in the Discount Rate - The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.0 percent as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

	Current Discount	
1.00% Decrease	Rate	1.00 Increase
<u>(6.0%)</u>	<u>(7.0%)</u>	(8.0%)
\$3,798,824	\$3,019,322	\$2,438,731

Pension Plan Fiduciary Net Position - Detailed information about the pension plan's fiduciary net position is available in the separately issued ERSRI financial report.

Defined Contribution Plan

Plan Description

Employees participating in the defined benefit plan with less than 20 years of service as of June 30, 2012, as described above, also participate in a defined contribution plan as authorized by General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF. Employees may choose among various investment options available to plan participants.

Employees contribute 7% of their annual covered salary and employers contribute between 3% and 3.5% of annual covered salary depending on the employee's total years of service as of June 30, 2012. The employer contribution is split between the State and the School Department. Employee contributions are immediately vested while employer contributions and any investment earnings thereon are vested after three years of contributory service. Benefit terms and contributions required under the plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly.

Amounts in the defined contribution plan are available to participants in accordance with Internal Revenue Service guidelines for such plans.

The Foster School Department recognized pension expense of \$51,248 and employees contributed \$115,685 for the fiscal year ended June 30, 2019.

For financial reporting purposes, the State's share of contributions totaling \$7,343 for fiscal year 2019 are reflected as on behalf-payments and are included as both revenue and expenditures in the accompanying financial statements.

The System issues a publicly available financial report that includes financial statements and required supplementary information for plans administered by the System. The reports can be obtained at http://www.ersri.org.

Notes to Financial Statements June 30, 2019

B. TEACHERS' SURVIVOR BENEFIT PLAN

General Information about the Pension Plan

Plan Description - Certain employees of the Foster School Department participate in a cost-sharing multiple-employer defined benefit pension plan - the Teachers' Survivors Benefit (TSB) plan - administered by the Employees' Retirement System of the State of Rhode Island (System). Under a cost-sharing plan, pension obligations for employees of all employers are pooled and plan assets are available to pay the benefits of the employees of any participating employer providing pension benefits through the plan, regardless of the status of the employers' payment of its pension obligation to the plan. The plan provides a survivor benefit to public school teachers in lieu of Social Security since not all school districts participate in Social Security.

The System issues a publicly available financial report that includes financial statements and required supplementary information for the plans administered by the System. The report may be obtained at http://www.ersri.org.

Eligibility and Plan Benefits - The plan provides a survivor benefit to public school teachers in lieu of Social Security since not all school districts participate in the plan. Specific eligibility criteria and the amount of the benefit are subject to the provisions of Chapter 16-16 of the Rhode Island General Laws which are subject to amendment by the General Assembly. Spouse, parents, family and children's benefits are payable following the death of a member. A spouse shall be entitled to benefits upon attaining the age of sixty (60) years. Children's benefits are payable to the child, including a stepchild or adopted child of a deceased member if the child is unmarried and under the age of eighteen (18) years or twenty-three (23) years and a full time student, and was dependent upon the member at the time of the member's death. Family benefits are provided if at the time of the member at the surviving spouse has in his or her care a child of the deceased member entitled to child benefits. Parents benefits are payable to the parent or parents of a deceased member if the member did not leave a widow, widower, or child who could ever qualify for monthly benefits on the member's wages and the parent has reached the age of 60 years, has not remarried, and received support from the member.

In January, a yearly cost-of-living adjustment for spouse's benefits is paid and based on the annual social security adjustment.

Survivors are eligible for benefits if the member has made contributions for at least six months prior to death or retirement.

The TSB plan provides benefits based on the highest salary at the time of retirement of the teacher. Benefits are payable in accordance with the following table:

Notes to Financial Statements June 30, 2019

Highest Annual	Basic Monthly
Salary	Spouse's Benefit
\$17,000 or less	\$825.00
\$17,001 to \$25,000	\$962.50
\$25,001 to \$33,000	\$1,100.00
\$33,001 to \$40,000	\$1,237.50
\$40,001 and over	\$1,375.00

Benefits payable to children and families are equal to the spousal benefit multiplied by the percentage below:

	Parent and 2	One	Two	Three or more	
Parent and	or more	Child	Children	Children	Dependent
1 Child	Children	Alone	Alone	Alone	Parent
150%	175%	75%	150%	175%	100%

Contributions - The contribution requirements of active employees and the participating school districts were established under Chapter 16-16 of the Rhode Island General Laws, which may be amended by the General Assembly. The cost of the benefits provided by the plan are two percent (2%) of the member's annual salary up to but not exceeding an annual salary of \$11,500; one-half (1/2) of the cost is contributed by the member by deductions from his or her salary, and the other half (1/2) is contributed and paid by the respective school district by which the member is employed. These contributions are in addition to the contributions required for regular pension benefits.

The Foster School Department contributed \$3,168, \$3,130 and \$2,822 for the fiscal years ended June 30, 2019, 2018 and 2017, respectively, equal to 100% of the required contributions for each year.

Pension Asset, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2019 the Foster School Department reported an asset of \$375,321 for its proportionate share of the net pension asset related to its participation in TSB. The net pension asset was measured as of June 30, 2018, the measurement date, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of June 30, 2017, rolled forward to June 30, 2018. The Foster School Department's proportion of the net pension asset was based on its share of contributions to the TSB for fiscal year 2018 relative to the total contributions of all participating employers for that fiscal year. At June 30, 2018 the Foster School Department's proportion was 0.42062515%

Notes to Financial Statements June 30, 2019

For the year ended June 30, 2019 the Foster School Department recognized pension expense of \$(13,782) an increase in the net pension asset. At June 30, 2019 the Foster School Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred outflows of resources:	
Contributions subsequent to the	
measurement date	\$3,168
Change of assumptions	49,452
Differences between expected and	
actual experience	63,948
Changes in proportion and	
differences between employer	
contributions and proportionate	
share of contributions	67,234
Net difference between	
projected and actual earnings	
on pension plan investments	8,518
Total	\$192,320
Deferred inflows of resources:	
Differences between expected	
and actual experience	\$62,982
Changes in proportion and	
differences between employer	
contributions and proportionate	
share of contributions	88,997
Total	\$151,979

\$3,168 reported as deferred outflows of resources related to pensions resulting from the Foster School Department's contributions in fiscal year 2019 subsequent to the measurement date will be recognized as an addition to the net pension asset in the subsequent period. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2020	\$22,066
2021	9,592
2022	(8,759)
2023	1,406
2024	3,947
Thereafter	8,921

Notes to Financial Statements June 30, 2019

Actuarial Assumptions - The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.5%

Salary increases 3.0% to 13.0%

Investment rate of return 7.0%

Mortality – Variants of the RP-2014 mortality tables – for the improvement scale, update to the ultimate rates of the MP-2016 projection scale.

Cost of Living Adjustments – Eligible survivors receive a yearly cost of living adjustment based on the annual social security adjustment – for valuation purposes, a 2.5% cost of living adjustment is assumed.

The actuarial assumptions used in the June 30, 2017 valuation rolled forward to June 30, 2018 and the calculation of the total pension liability at June 30, 2018 were consistent with the results of an actuarial experience study performed as of June 30, 2016.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 34 sources. The June 30, 2018 expected arithmetic returns over the long-term (20 years) by asset class, are summarized in the following table:

Notes to Financial Statements June 30, 2019

Asset Class	Target Asset Allocation	Long-Term Expected Arithmetic Real Rate of Return
GROWTH		
Global Equity		
US Equity	20.80%	6.43%
International Developed Equity	14.40%	6.72%
Emerging Markets Equity	4.80%	8.90%
Sub-total	40.00%	
Private Growth		
Private Equity	11.30%	9.08%
Non-Core Real Estate	2.20%	5.03%
Opportunistic Private Credit	1.50%	9.08%
Sub-total	15.00%	
INCOME		
High Yield Infrastructure	1.00%	3.81%
REITS	1.00%	5.03%
Liquid Credit	2.80%	3.81%
Private Credit	3.20%	3.81%
Sub-total	8.00%	
STABILITY		
Crisis Protection Class		
Treasury Duration	4.00%	0.61%
Systematic Trend	4.00%	4.00%
Sub-total	8.00%	
Inflation Protection		
Core Real Estate	3.60%	5.03%
Private Infrastructure	2.40%	5.61%
TIPs	1.00%	1.75%
Natural Resources	1.00%	3.81%
Sub-total	8.00%	
Volatility Protection		
IG Fixed Income	11.50%	2.14%
Absolute Return	6.50%	4.00%
Cash	3.00%	0.61%
Sub-total	21.00%	
Total	100.00%	

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

Discount Rate - The discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Asset to Changes in the Discount Rate - The following presents the proportionate share of the net pension asset calculated using the discount rate of 7.0 percent as well as what the net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

Notes to Financial Statements June 30, 2019

\$260,453 \$375,321 \$460,841

Pension Plan Fiduciary Net Position - Detailed information about the pension plan's fiduciary net position is available in the separately issued ERSRI financial report.

C. MUNICIPAL EMPLOYEES' RETIREMENT SYSTEM PLANS

Defined Benefit Plans

General Information about the Pension Plan

1.00% Decrease

(6.0%)

Plan Description - The Municipal Employees' Retirement System (MERS) – an agent multiple-employer defined benefit pension plan - provides certain retirement, disability and death benefits to plan members and beneficiaries. MERS was established under Rhode Island General Law and placed under the management of the Employee's Retirement System of Rhode Island (ERSRI) Board to provide retirement allowances to employees of municipalities, housing authorities, water and sewer districts, and municipal police and fire persons that have elected to participate. Benefit provisions are subject to amendment by the General Assembly.

MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained accessing the ERSRI website at http://www.ersri.org.

Benefits Provided – General employees, police officers and firefighters employed by electing municipalities participate in MERS. Eligible employees become members at their date of employment. Anyone employed by a municipality at the time the municipality joins MERS may elect not to be covered. Elected officials may opt to be covered by MERS. Employees covered under another plan maintained by the municipality may not become members of MERS. Police officers and/or firefighters may be designated as such by the municipality, in which case the special contribution and benefit provisions described below will apply to them, or they may be designated as general employees with no special benefits. Members designated as police officers and/or firefighters are treated as belonging to a unit separate from the general employees, with separate contribution rates applicable. The Town of Foster has only general employees and police officers that participate in the MERS Plan.

Salary: Salary includes the member's base earnings plus any payments under a regular longevity or incentive plan. Salary excludes overtime, unused sick and vacation leave, severance pay, and other extraordinary compensation. Certain amounts that are excluded from taxable wages, such as amounts sheltered under a Section 125 plan or amounts picked up by the employer under IRC Section 414(h), are not excluded from salary.

Notes to Financial Statements June 30, 2019

Service: Employees receive credit for service while a member. In addition, a member may purchase credit for certain periods by making an additional contribution to purchase the additional service. Special rules and limits govern the purchase of additional service and the contribution required.

Final Average Compensation (FAC): Prior to July 1, 2012 and for general employee members eligible to retire as of June 30, 2012, the average was based on the member's highest three consecutive annual salaries. Effective July 1, 2012, the average was based on the member's highest five consecutive annual salaries. Once a member retires or is terminated, the applicable FAC will be the greater of the member's highest three year FAC as of July 1, 2012 or the five year FAC as of the retirement/termination date. Monthly benefits are based on one-twelfth of this amount.

General Employees - Members with less than five years of contributory service as of June 30, 2012 and members hired on or after that date are eligible for retirement on or after their Social Security normal retirement age (SSNRA).

Members who had at least five years of contributory service as of June 30, 2012 will be eligible for retirement at an individually determined age. This age is the result of interpolating between the member's prior retirement date, described below, and the retirement age applicable to members hired after June 30, 2012 as described above. The interpolation is based on service as of June 30, 2012 divided by projected service at the member's prior retirement date. The minimum retirement age is 59.

Members with 10 or more years of contributory service on June 30, 2012 may choose to retire at their prior retirement date if they continue to work and contribute until that date. If this option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

Effective July 1, 2015, members will be eligible to retire with full benefits at the earlier of their current Rhode Island Retirement Security Act (RIRSA) date described above or upon the attainment of age 65 with 30 years of service, age 64 with 31 years of service, age 63 with 32 years of service, or age 62 with 33 years of service.

A member who is within five years of reaching their retirement eligibility date and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit. Prior to July 1, 2012, members were eligible for retirement on or after age 58 if they had credit for 10 or more years of service, or at any age if they had credit for at least 30 years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

The annual benefit is equal to 2.00% of the member's monthly FAC for each year of service prior to July 1, 2012 and 1.00% of the member's monthly FAC for each year of service from July

Notes to Financial Statements June 30, 2019

1, 2012 through June 30, 2015. For all service after June 30, 2015, the annual benefit is equal to 1.0% per year unless the member had 20 or more years of service as of June 30, 2012 in which case the benefit accrual is 2.0% per year for service after June 30, 2015. The benefit cannot exceed 75% of the member's FAC. Benefits are paid monthly.

Police and Fire Employees - Members are eligible to retire when they are at least 50 years old and have a minimum of 25 years of contributing service or if they have 27 years of contributing service at any age. Members with less than 25 years of contributing service are eligible for retirement on or after their Social Security normal retirement age.

Members who, as of June 30, 2012, had at least 10 years of contributing service, had attained age 45, and had a prior retirement date before age 52 may retire at age 52.

Active members on June 30, 2012 may choose to retire at their prior retirement date if they continue to work and contribute until that date. If option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

A member who is within five years of reaching their retirement eligibility date, as described in this section, and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

Prior to July 1, 2012, members designated as police officers or firefighters were eligible for retirement at or after age 55 with credit for at least 10 years of service or at any age with credit for 25 or more years of service. Members were also eligible to retire and receive a reduced benefit if they are at least age 50 and have at least 20 years of service. If the municipality elected to adopt the 20-year retirement provisions for police officers and/or firefighters, then such a member was eligible to retire at any age with 20 or more years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

A monthly benefit is paid equal to 2.00% of the member's monthly FAC for each year of service, up to 37.5 years (75% of FAC maximum).

If the optional 20-year retirement provisions were adopted by the municipality prior to July 1, 2012, benefits are based on 2.50% of the member's FAC for each year of service prior to July 1, 2012 and 2.00% of the member's FAC for each year of service after July 1, 2012. The benefit cannot exceed 75% of the member's FAC. The Town of Foster has elected to participate in the 20-year retirement provision.

Active members (including future hires), members who retire after July 1, 2015 and after attaining age 57 with 30 years of service will have a benefit equal to the greater of their current benefit described above and one calculated based on a 2.25% multiplier for all years of service.

Notes to Financial Statements June 30, 2019

Other Benefit Provisions - Death and disability benefits are also provided to members. A member is eligible for a disability retirement provided he/she has credit for at least five years of service or if the disability is work-related. Members are not eligible for an ordinary disability benefit if they are eligible for unreduced retirement.

Joint and survivor benefit options are available to retirees. For some employees, a Social Security option is also available where an annuity is paid at one amount prior to age 62, and at a reduced amount after age 62, designed to provide a level total income when combined with the member's age 62 Social Security benefit. Benefits cease upon the member's death.

Post-retirement benefit increases are paid to members who retire after June 30, 2012. Members will be eligible to receive cost of living increases at the later of the member's third anniversary of retirement and the month following their SSNRA (age 55 for members designated as police officers and/or firefighters). When a municipality elects coverage, it may elect either COLA C (covering only current and future active members and excluding members already retired) or COLA B (covering current retired members as well as current and future active members).

- a.) The COLA will be suspended for any unit whose funding level is less than 80%; however, an interim COLA may be granted in four-year intervals while the COLA is suspended. The first interim COLA may begin January 1, 2018.
- b.) Effective July 1, 2015, the COLA is determined based on 50% of the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%, plus 50% of the lesser of 3.0% or last year's CPI-U increase for a total maximum increase of 3.50%. Previously, it was the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%
- c.) The COLA will be limited to the first \$25,000 of the member's annual pension benefit. For retirees and beneficiaries who retired on or before July 1, 2015, years in which a COLA is payable based on the every fourth year provision described in (a) above will be limited to the first \$30,000. These limits will be indexed annually to increase in the same manner as COLAs, with the known values of \$25,000 for 2013, \$25,000 for 2014, \$25,168 for 2015, \$25,855 for 2016, and \$26,098 for 2017.

The Town of Foster has elected the optional cost-of-living provision for police officers.

Notes to Financial Statements June 30, 2019

Employees Covered by Benefit Terms - At the June 30, 2017 valuation date, the following employees were covered by the benefit terms:

	General	Police
	Employees	Officers
	Plan	Plan
Retirees and Beneficiaries	26	9
Inactive, Nonretired		
Members	23	3
Active Members	36	8
Total	85	20

Contributions - The amount of employee and employer contributions have been established under Rhode Island General Law Chapter 45-21. General employees with less than 20 years of service as of June 30, 2012 are required to contribute 1% of their salaries. General employees with more than 20 years of service as of June 30, 2012 are required to contribute 8.25%. Police officers are required to contribute 10% of their salaries. The Town of Foster contributes at a rate of covered employee payroll as determined by an independent actuary on an annual basis. The General Assembly can amend the amount of these contribution requirements. The Town of Foster contributed the following amounts in the year ended June 30, 2019: general employees plan - \$139,765 and police officers plan - \$156,831. The Town's contributions represented the following percentages of annual covered payroll: general employees plan -10.23%; police officer's plan - 30.34%.

Net Pension Liability - The total pension liability was determined by actuarial valuations performed as of June 30, 2017 and rolled forward to June 30, 2018, using the following actuarial assumptions, applied to all periods included in the measurement.

Notes to Financial Statements June 30, 2019

Summary of Actuarial Assumptions Used in the Valuations to Determine the Net Pension Liability at the June 30, 2018 Measurement Date (June 30, 2017 valuation rolled forward to June 30, 2018)			
Actuarial Cost Method	Entry Age Normal - The Individual Entry Age Actuarial Cost methodology is used.		
Amortization Method	Level Percent of Payroll – Closed		
Actuarial Assumptions:			
Investment Rate of Return	7.0%		
Projected Salary Increases	General Employees - 3.50% to 7.50%; Police Officers - 4.00% to 14.00%		
Inflation	2.5%		
Mortality	Variants of the RP-2014 mortality tables – for the improvement scale, update to the ultimate rates of the MP-2016 projection scale.		
Cost of Living Adjustments	A 2% COLA is assumed after January 1, 2014.		

The actuarial assumptions used in the June 30, 2017 valuation rolled forward to June 30, 2018 and the calculation of the total pension liability at June 30, 2018 were consistent with the results of an actuarial experience study performed as of June 30, 2016.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 34 sources. The June 30, 2018 expected arithmetic returns over the long-term (20-years) by asset class are summarized in the following table:

Notes to Financial Statements June 30, 2019

Asset Class	Target Asset Allocation	Long-Term Expected Arithmetic Real Rate of Return
GROWTH		
Global Equity		
US Equity	20.80%	6.43%
International Developed Equity	14.40%	6.72%
Emerging Markets Equity	4.80%	8.90%
Sub-total	40.00%	
Private Growth		
Private Equity	11.30%	9.08%
Non-Core Real Estate	2.20%	5.03%
Opportunistic Private Credit	1.50%	9.08%
Sub-total	15.00%	
INCOME		
High Yield Infrastructure	1.00%	3.81%
REITS	1.00%	5.03%
Liquid Credit	2.80%	3.81%
Private Credit	3.20%	3.81%
Sub-total	8.00%	
STABILITY		
Crisis Protection Class		
Treasury Duration	4.00%	0.61%
Systematic Trend	4.00%	4.00%
Sub-total	8.00%	
Inflation Protection		
Core Real Estate	3.60%	5.03%
Private Infrastructure	2.40%	5.61%
TIPs	1.00%	1.75%
Natural Resources	1.00%	3.81%
Sub-total	8.00%	
Volatility Protection		
IG Fixed Income	11.50%	2.14%
Absolute Return	6.50%	4.00%
Cash	3.00%	0.61%
Sub-total	21.00%	
Total	100.00%	

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

Discount Rate - The discount rate used to measure the total pension liability of the plans was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Notes to Financial Statements June 30, 2019

Defined Contribution Plan

Plan Description

General employees participating in the defined benefit plan with less than 20 years of service as of June 30, 2012, as described above, also participate in a defined contribution plan as authorized by General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF. Employees may choose among various investment options available to plan participants.

General employees contribute 5% of their annual covered salary and employers contribute between 1% and 1.5% of annual covered salary depending on years of service as of June 30, 2012. Employee contributions are immediately vested while employer contributions and any investment earnings thereon are vested after three years of contributory service. Benefit terms and contributions required under the plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly.

Amounts in the defined contribution plan are available to participants in accordance with Internal Revenue Service guidelines for such plans.

The Town of Foster recognized pension expense of \$12,210 and employees contributed \$56,376 for the fiscal year ended June 30, 2019.

The System issues an annual financial report that includes financial statements and required supplementary information for plans administered by the System. The reports can be obtained at http://www.ersri.org.

Notes to Financial Statements June 30, 2019

D. LABORER'S INTERNATIONAL UNION OF NORTH AMERICA NATIONAL PENSION FUND

Plan Description

All employees who are members of the Local 1322 union participate in the Laborers' International Union of North America National Pension Fund, a cost sharing multiple-employer defined benefit plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is not a state or local government pension plan, provides defined benefit pensions to employees of state or local governmental employers and employees of employers that are not state or local governments and has no predominant state or local government employer. As a result, the Plan is accounted for and reported in accordance with GASB Statement No. 78, Pensions Provided through Certain Multiple – Employer Defined Benefit Pension Plans. The Plan is administered by the Fund's Board of Trustees. Eligibility and benefit provisions are defined in Plan document adopted by the Board of Trustees.

All employees who are members of the Local 1322 union are eligible to participate in the Plan, (5 active employees as of June 30, 2019). An employee is eligible to receive pension benefits if they have attained age 62, have five or more years of pension credit. The amount of regular pension benefits payable to an employee is determined by the highest contribution rate at which he or she earned pension credit and years of pension credits earned (up to a maximum of 30 years of pension credits). The regular monthly benefit is payable for each year of pension credit at each contribution rate accepted by the plan up to \$2.50 per hour. The Plan also provides death and disability benefits. Information regarding the Plan can be obtained from the Fund Office maintained by the Board of Trustees at the following address: Laborers' International Union of North America National (Industrial) Pension Fund, 905 16th Street, N.W., Washington, DC 20006-1765 or on the internet at www.lnipf.com.

<u>Funding Policy</u> – The contribution requirements of the Town and employees are established by contract and may be amended by union negotiation. The current union contract expires on June 30, 2019. Employees are required to contribute \$.90 per hour up to a maximum of 40 hours per week to the Plan for calendar year 2019. The Town is not required to contribute to the Plan.

The Multiemployer Pension Plan Amendments Act of 1980 impose certain liabilities upon employers associated with multiemployer pension plans who withdraw from such a plan or upon termination of said plan. The Town has no plans to withdraw or partially withdraw from the plan.

Notes to Financial Statements June 30, 2019

E. AGGREGATE PENSION AMOUNTS REPORTED IN THE FINANCIAL STATEMENTS

	Deferred Outflows of Resources - Pension Amounts	Deferred Inflows of Resources – Pension Amounts	Net Pension Asset	Net Pension Liability	Pension Expense
Employees' Retirement System Plan	\$550,325	\$583,151	\$ -	\$3,019,322	\$275,927

NOTE 17– SUBSEQUENT EVENTS

On November 8, 2019 the Town entered into a master lease purchase agreement in the amount of \$303,503 to finance the purchase of two police vehicles and two trucks. The lease bears interest of 3.39% and requires annual payments for 5 years commencing on November 8, 2019.

NOTE 18- DEFICIT FUND BALANCES

The following non-major governmental fund had a deficit fund balance at June 30, 2019: School Lunch Fund \$(467)

REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information includes financial information and disclosures that are required by the GASB but are not considered a part of the basic financial statements. Such information includes:

Budgetary Comparison Schedules – General Fund and School Unrestricted Fund

Schedule of the Town's Proportionate Share of the Net Pension Liability (Asset) – Pension Plans

Schedule of Changes in the Net Pension Liability and Related Ratios – Pension Plans

Schedule of Town Contributions – Pension Plans and Other Post-Employment Benefit Plan

Schedule of Changes in Net OPEB Liability and Related Ratios – Other Post-Employment Benefit Plan

Schedule of Investment Returns – Other Post-Employment Benefit Plan

In addition, the notes to the required supplementary information are included to provide information that is essential to a user's understanding of the required supplementary information.

Notes to Required Supplementary Information June 30, 2019

NOTE 1 - BUDGETARY DATA AND BUDGETARY COMPLIANCE

The Town has formally established budgetary accounting control for its General Fund and the School Unrestricted Fund, which is a Special Revenue Fund. All budget requests must be submitted to the Town Council by March 1. The Town Council shall obtain from the head of each department, office and agency estimates of its revenues and expenditures and supporting data as it may request. The Town Council's proposed budget shall show all anticipated revenues and all proposed expenditures. The Town Council shall hold a public hearing on its preliminary recommended budget, prior to its adoption, at least 30 days prior to the Annual Financial Town Meeting. The Town Council shall adopt its recommended budget for presentation at the Annual Financial Town Meeting not later than fifteen days preceding its date. The recommended budget is approved or amended by the voters at the Annual Financial Town Meeting. The General Fund and School Unrestricted Fund annual operating budget amounts are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary. The legal level of control for the General Fund is at the department level and the School Unrestricted Fund is at the fund level. Amendments that would change the total appropriation must be approved by the voters at a Financial Town Meeting. There were no supplemental budgetary appropriations in fiscal year 2019. Appropriations which are not expended or encumbered lapse at year end.

The General Fund and School Unrestricted Fund budgets are in conformity with the legally enacted budgetary basis, which is not in conformity with generally accepted accounting principles. The budget to actual presentations for these funds are reflected on the budgetary basis. The difference between the budgetary basis and the generally accepted accounting principles basis is explained below.

Explanation of Differences between Budgetary Revenues and Other Financing Sources and Expenditures and Other Financing Uses and GAAP Revenues and Other Financing Sources and Expenditures and Other Financing Uses

Revenues and Other Financing Sources	General Fund	School Unrestricted Fund
Actual amounts (budgetary basis)	\$14,297,691	\$4,415,311
The pension contributions made to the Employees Retirement System by the State on behalf of the Town of Foster are not reported as budgetary revenue, but are a current year revenue for financial reporting purposes.	-	183,635
Unbudgeted revenues are not reported for budgetary purposes, but are included for financial reporting purposes.	914	7,833

Notes to Required Supplementary Information June 30, 2019

Revenues and Other Financing Sources	General Fund	School Unrestricted Fund
Total revenues and other financing sources as reported on the statement of revenues, expenditures and changes in fund balances – governmental funds	\$14,298,605	\$4,606,779
Expenditures and Other Financing Uses	General Fund	School Unrestricted Fund
Actual amounts (budgetary basis)	\$13,779,733	\$4,475,327
Differences – budget to GAAP: Capital appropriations carried over and budgeted reserves continue is force until the purpose for which it was established is accomplished or abandoned. Capital appropriations carried over and reserves are reported as a budgetary expenditure in the year budgeted, but are not reported as a current year expenditure for financial reporting purposes.	(467,023)	_
Unbudgeted expenditures, transfers and adjustments are not reported for budgetary purposes, but are reported for financial reporting purposes.	332,654	7,028
The appropriated use of fund balance is reported as a reduction of budgetary expenditures for budgetary purposes, but is not reported as a reduction for financial reporting purposes.	93,082	-
The pension contributions made to the Employees Retirement System by the State on behalf of the Town of Foster are not reported as a budgetary expenditure, but are reported as a current year expenditure for financial reporting purposes.	<u>-</u>	183,635
Total expenditures and other financing uses as reported in the statement of revenues, expenditures and changes in fund balances – governmental funds	\$13,738,446	\$4,665,990

TOWN OF FOSTER, RHODE ISLAND Notes to Required Supplementary Information June 30, 2019

NOTE 2 – PENSION PLANS

The actuarial methods and assumptions used to calculate the total pension liability (asset) are described in Note 16 A, B and C to the financial statements.

The net pension liability (asset) amounts presented for each fiscal year were determined as of the June 30 measurement date prior to the fiscal year-end.

The schedules are intended to present ten years of data. Additional years of data will be presented as they become available.

Actuarially Determined Contributions:

Actuarially determined contribution rates are calculated as of June 30 of each plan year and effective 2 years after the actuarial valuation. The following actuarial methods and assumptions were used to determine contribution amounts reported in that schedule:

- Actuarial cost method Entry Age Normal
- Amortization method Level percentage of payroll, closed
- Remaining amortization period 19 years
- Asset valuation method 5-year smoothed market
- Inflation 2.75%
- Investment return 7.50%
- Salary increases 3.50% to 13.50% for teachers; 3.50% to 7.50% for general employees; 4.00% to 14.00% for police and fire employees
- Retirement age Experienced-based table of rates that are specific to the type of eligibility condition
- Mortality Males, General, Police and Fire Employees 115% of RP-2000 Combined Healthy for Males with White Collar adjustments, projected with Scale AA from 2000
- Mortality Females, General, Police and Fire Employees 95% of RP-2000 Combined Healthy for Females with White Collar adjustments, projected with Scale AA from 2000
- Mortality Males and Females, Teachers 97% and 92%, respectively, of rates in GRS table based on male and female teacher experience, projected with Scale AA from 2000

The employee and employer contribution rates for the Teachers' Survivors Benefit Plan were applied to the first \$11,500 of member salary for fiscal year 2018. In fiscal year 2017 and prior years, the rate was applied to salary up to \$9,600.

Employers participating in the Employees' Retirement System are required by RI General Laws, Section 36-10-2, to contribute an actuarially determined contribution rate each year. Employers participating in the Teachers' Survivors Benefit Plan contribute at a rate established by RI General Laws, Section 16-16-35. Employers participating in the Municipal Employees' Retirement System are required by RI General Laws, Section 45-21-42, to contribute an actuarially determined contribution rate each year.

TOWN OF FOSTER, RHODE ISLAND Notes to Required Supplementary Information June 30, 2019

NOTE 3 – OPEB PLAN

The actuarial methods and assumptions used to calculate the total OPEB liability are described in Note 15 to the financial statements.

The net OPEB liability amount presented for each fiscal year was determined as of the fiscal year-end.

The schedules are intended to present ten years of data. Additional years of data will be presented as they become available.

Actuarially Determined Contributions:

Actuarially determined contributions were not calculated for fiscal years 2019 and 2018 and are, therefore, not presented.

OTHER SUPPLEMENTARY INFORMATION

The information provided herein contains schedules which the Town deems necessary to provide additional disclosures.

Town of Foster, Rhode Island Reportable Government Services with MTP2 Notes Fiscal Year Ended June 30, 2019

Notes to Supplementary Information – Annual Supplemental Transparency Report (MTP2)

NOTE 1. Basis of Presentation

The Annual Supplemental Transparency Report (MTP2) is a supplemental schedule required by the State of Rhode Island General Laws 45-12-22.2 and 44-35-10. This supplementary schedule included within the annual financial statements is part of a broader project to create a municipal transparency portal (MTP) website to host municipal financial information in a centralized location.

The format of the *Annual Supplemental Transparency Report (MTP2)* was prescribed by the State Department of Revenue (Division of Municipal Finance), Office of the Auditor General, and the Department of Education.

NOTE 2. Reportable Government Services

Data consistency and comparability are among the key objectives of the State's Municipal Transparency portal. Consistent with that goal, the State has defined "reportable government services", RGS, to include those operational revenues, expenditures, and transfers related to activities which are essential to the achievement of municipal operations. The determination of RGS may be different from the activities included within the legally adopted budget of the municipality. In practice, some communities report certain RGS in separate funds (e.g., special revenue funds, enterprise funds) rather than the municipality's general fund. The *Annual Supplemental Transparency Report (MTP2)* includes a reconciliation to the fund level statements.

NOTE 3. Allocations

The State reporting requires expenditures to be reported by departments, as defined by the State. Some of the departmental groupings are not consistent with the departments reflected in the Town's budget and accounting system. To report these costs, the Town made allocations of costs to the State's departmental groupings based on a reasonable basis.

NOTE 4. Employee Groups - Compensation and Benefit Costs

Compensation includes salaries, longevity, stipends, clothing allowance/maintenance, shift differential, out-of-rank, holiday pay and bonuses.

For Public Safety departments (i.e., police, fire, and centralized dispatch) and the Education Department, compensation and most benefits costs are reported in the following employee groupings:

Group A: This group consists of employees who serve the primary function of the department.

- Police Department police officers (e.g., uniform personnel including, leadership positions)
- Fire Department fire fighters (e.g., uniform personnel including, leadership positions)
- Centralized Dispatch Department civilian dispatchers only
- Education Department professional staff providing direct services to students
- For the remaining departments all employees' compensation and benefits are reported under Group A

Group B: For Police and Fire Departments, compensation and benefits paid to its administrative employees and civilian dispatch employees are reported under Group B. The Education Department reports compensation and benefits paid to executive/mid-level educational administration employees under Group B.

Group C: This group is only used for the Education Department and it includes administrative and support staff.

Other post-employment benefits (OPEB) are not reported by employee groups on the MTP2. They are reported in total as either (1) contributions to a qualified OPEB trust or (2) the amount paid for medical and dental insurance for retirees when an OPEB trust fund has not been established. The detail employee group information for the Education Department can be found on the State's Municipal Transparency portal website.

NOTE 5. Education Revenue and Expenditures

The revenues and expenditures presented on the MTP2 under the Education Department is consistent with existing Uniform Chart of Accounts (UCOA) guidelines. Each MTP account code has been mapped to the corresponding UCOA code or group of UCOA codes to facilitate the preparation of the MTP reporting.

Additional guidance and definitions regarding the State's Municipal Transparency Portal can be found on the State Division of Municipal Finance website: http://www.municipalfinance.ri.gov/.

STATISTICAL SECTION

The Statistical Schedules differ from other financial statement presentations because they generally disclose more than one fiscal year and may present non-accounting data such as social and economic data and financial trends of the Town.

Statistical Section

This part of the Town of Foster's annual financial statements presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Town's overall financial health.

<u>Contents</u>	Page(s)
Financial Trends These schedules contain trend information to help the reader understand how the Town's financial position has changed over time.	110-113
Revenue Capacity These schedules contain information to help the reader understand and assess the factors affecting the Town's ability to generate its most significant local revenue sources, the real and personal property tax.	114-117
Debt Capacity These schedules present information to help the reader assess the affordability of the Town's current levels of outstanding debt and the Town's ability to issue additional debt in the future.	118-122
Economic and Demographic Information These schedules offer economic and demographic indicators to help the reader understand the environment within which the Town's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.	123-124
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the Town's financial report relates to the services the Town provides and the activities it performs.	125-127

Sources: Unless otherwise noted, the information in these schedules is derived from the annual

financial statements for the relevant year.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

To the Honorable President and Members of the Town Council Town of Foster, Rhode Island

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Town of Foster, Rhode Island, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Town of Foster, Rhode Island's basic financial statements, and have issued our report thereon dated March 24, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Foster, Rhode Island's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Foster Rhode Island's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Foster, Rhode Island's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Foster, Rhode Island's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
