

# FOSTER RESIDENTS

HELP US TO HELP YOU SAVE YOUR TAX DOLLARS!

Foster earns money from the sale of good recyclables, and saves taxpayer dollars by keeping those recyclables out of the landfill. Mixing trash in with recyclables can cause the recycling load to be rejected, at a fee to the town of \$250 per rejection, plus the cost to bury the truck's contents in the landfill. It also puts recycling facility workers at risk.

**YOU have the power to prevent this!**

Please do **NOT** place these items in your recycling bin:

**FOOD SCRAPS**

**LEAF & YARD WASTE**

**TEXTILES**

**DANGEROUS ITEMS**

**BULKY WASTE**

**PLASTIC BAGS**
